

## ***Composition of the Review Panels for Centres and Clusters***

### **Group 1: Bio-Related Engineering**

- Bioinformatics Research Programme
- Biotechnology Centre
- Advanced Bio-nano-systems
- Chiral & Pharmacy Engineering
- Biomedical Engineering Research Centre

This review will be chaired by Professor Kim Yong Min from the University of Washington, Seattle, USA.

### **Group 2: Electrical and Materials Engineering**

- Satellite Engineering Centre
- Micro-Fabrication Laboratory
- Facility for Analysis, Characterization, Testing and Simulation
- Advanced Materials Research Centre
- Centre for High Performance Embedded Systems
- Positioning and Wireless Technology Centre
- Network Technology Research Centre

The chair will be Professor Reiner Dauskardt of Stanford University.

### **Group 3: Software Related**

- Centre for Signal Processing
- Interaction and Entertainment Research Centre
- Advanced Computing & Media Cluster
- Centre for Advanced Media Technology
- Singapore Internet Research Centre
- Centre for Information Security
- Information Management Research Centre

This review will be chaired by Professor Benjamin Wah from the University of Illinois, Urbana-Champaign.

### **Group 4: Civil/Mechanical Engineering**

- Centre for Mechanics of Microsystems
- Robotics Research Centre
- Maritime Research Centre Industrial Services
- Protective Technology Research Centre Programme
- Environmental Engineering Research Centre

The chair will be Professor Joan Bray Rose of Michigan State University.

### **Group 5: Management and Social Sciences**

- Asian Research Centre
- Centres for Leadership & Cultural Intelligence
- Research in Financial Services
- Centre for Asia Pacific Technology Law and Policy
- Centre for Accounting and Auditing Research

This review will be chaired by Professor Miriam Erez of Technion, Israel Institute of Technology.
