"Today, we witness the coming together of the alumni and the alma mater. While the NTU Tower on the left will provide continuing education and research, the Alumni tower on the right will provide continuing entertainment and recreation. This setting up a graduate school at one-north. NTU's Provost, Professor Bertil Andersson, Trustee of the Nobel Foundation and distinguished life scientist, has been tasked by Dr Su to develop a feasibility study for NTU to establish a graduate school in one-north.

With his extensive set of experiences and accomplishments in academia and research, Prof Andersson is well positioned to unleash the potential of NTU as the major science and technology university of Singapore. Mr Philip Yeo, Chairman of SPRING Singapore, and Senior Advisor for Science and Technology to the Minister for Trade and Industry, has also agreed to advise the university in the feasibility study. Mr Yeo brings with him the reputation of building the Biopolis in world record time, and an unwavering dedication to economic development and talent cultivation.

NTU@one-north: Home to research, alumni and continuing education

As the main science and technology university of Singapore, a close relationship with the one-north community is crucial. With the opening of the one-north campus, NTU has established itself as a member of the one-north community.

The university aims to expand its presence at one-north, to collaborate with A*Star research institutes and the international research partners under the National Research Foundation (NRF) CREATE initiative, and to provide its students access to the critical mass of research at one-north.

As the University's initiatives take root, NTU would take its rightful place alongside institutions like MIT and ETH as technological universities known throughout the world for excellence, leading edge research and innovation.

At the same time, the one-north campus will serve as a home for all of NTU's alumni. Its proximity to the city means that it is more convenient for alumni to gather and connect with the university. Co-located with NTU’s one-north campus and sitting at the pinnacle of one-north, the NTU Alumni Clubhouse offers its members numerous facilities such as an integrated family fun pool, tropical garden spa, gym and wellness centre, restaurants, roof-top tennis courts as well as conference and meeting rooms.

The one-north campus also allows NTU’s evening and part-time students better access, so that the university can better deliver its continuing education programmes through the Centre for Continuing Education which offers many continuing education opportunities. With NTU lecturers conducting industry-relevant continuing education courses, the Centre provides a link between the university and the society by the diffusing of research and expert knowledge. Besides the local audience, the Centre also reaches out to overseas participants through collaborations with other government agencies, foreign universities and partners.

The Confucius Institute of NTU is also located at the new campus. Jointly established by the Office of Chinese Language Council International and NTU in August 2005, the institute aims to strengthening Singapore’s Mandarin capabilities, providing Singapore with a common platform in learning Chinese language and culture, and enhancing the communication link between Singapore and Chinese communities in other parts of the world.

During the evening event held at the poolside of the NTU Alumni Clubhouse, guests were entertained by performances by NTU students and alumni and were served a sumptuous buffet dinner.

新加坡总统、南洋理工大学名誉校长、南大校友俱乐部赞助人纳丹先生于5月8日为南大纬壹校区与南大校友俱乐部主持开幕礼，各国使节、政要、各界代表等共300多人莅临观礼，共同见证了这个对南大发展历程极具里程碑意义的重要时刻。

位于纬壹科技城的南大纬壹校区，拥有完善的教育资源及俱乐部设施，而且就坐落在新加坡启奥城及启汇城毗邻，与作为新加坡生物医学研究中枢的启奥城，以及在未来将发展为资讯通讯和数码媒体中心的启汇城，交相辉映。

别开生面的开幕礼在新校区环弧形的露天泳池边举行。在粼粼水光的映照下，纳丹总统在台上启动特殊装置，舞台及泳池相继喷出璀璨的烟火，安置在泳池水面之上的四个巨形圆球逐一亮起，标志着南大纬壹校区与南大校友俱乐部正式开幕。

徐冠林校长在致词时向在座嘉宾宣布，南大正考虑在新校区设立一所研究生院。南大常务副校长、诺贝尔基金会董事、著名生物科学家安博迪教授，已接受徐校长的委托，对在新校区成立研究生院事宜展开可行性研究。新加坡标准、生产力与创新局主席、贸工部长高级科技顾问杨烈国也答应在可行性研究方面为南大提供建议。

徐校长说：“研究生院将使南大和国家所投入在启奥生物城和启汇城的资源产生更好的协同效应，也将有助于南大在研发的‘卓越研究与科技企业学园’计划下的研究中心，例如新加坡国立大学医学研究生院、中央医院等单位进行更加密切的协作。”

南大纬壹校区由两座九层楼高的建筑物组成，中间有一座相连接。如果从波那维斯达地铁站月台眺望这栋大楼，建筑物的左边属于“南大校友俱乐部”楼层，设有健身房、多功能礼堂、阅览室、香薰水疗房、露天泳池、按摩池、中餐馆、西餐厅、卡拉OK歌舞厅、台球及麻将室等；右边的一座则属于“南大研究与教育”楼层，设有多间讲堂、课室和会议室。南大继续教育中心和南大孔子学院就设在南大研究与教育楼层内。

纳丹总统在为纬壹校区和校友俱乐部主持开幕典礼后，与夫人一齐，在南大校董会主席许文辉先生、徐冠林校长、常务副校长安博迪教授、大学秘书长张顺才先生等人的陪同下，参观南大校友俱乐部。

在庆典聚会中，多名才华横溢的南大校友及学生陆续登场，为全体嘉宾呈献精彩绝伦的歌舞与音乐演出。来宾与校友拿着酒杯互相寒暄，宾主尽欢，大家都为南大从此又多了一个新家而感到欣喜。不少受访校友表示有意加入校友俱乐部，或到新校区参加一些同学聚会及社交活动。也有校友说有意报读进修课程，并携眷试用新校区的康乐与休闲设施。
Wholesome family fun!

Members of the NTU community spent a beautiful Sunday morning in Sentosa, enjoying the sun, sand and sea.

Strengthening the ties that bind, some 3,000 members of the university community and their family participated in NTU’s first-ever family day at Sentosa. Highlights of the day included a mass morning walk flagged off by NTU alumnna Mrs Yu-Foo Yee Shoon, Minister of State for Community Development, Youth and Sports, as well as beach telematches, carnival games and live performances by NTU’s student clubs.

Despite an early start at 7.30 in the morning, the participants were all ready and raring to enjoy the great outdoors.

Mrs Yu-Foo arrived soon after and joined in NTU’s version of the Great Singapore Workout, a ten-minute warm-up which saw the old and young alike doing the exercise routine.

After the workout, Mrs Yu-Foo flagged off the 2km morning walk from Palawan Beach to Siloso Beach. The promise of breakfast after the walk got everyone scrambling for a head start.

At Siloso Beach, more fun awaited. Between 9am and noon, the beach was transformed into a festive carnival with a medley of performances, games and telematches. Students from the Cultural Activities Club put up entertaining musical items and there was also a special song item by alumna Tay Kewei.

Basketball, beach volleyball and soccer games were also held, engaging our sports enthusiasts in friendly competition.

At the same time, participants were selected to receive prizes for being the Hunkiest Dude, Sexiest Babe, Cutest Kid, Sportiest Parents/Grandparents and Best Dressed.

The event ended on a high note, with 20 participants taking home lucky draw prizes.

“It is always good to take a break from our busy lives and spend some time with our family. We are really happy to be together with our colleagues and to take part in the NTU Family Day. We see a big crowd here today!” said Visiting Professor Marcel Machill of SCI.

Mr Tay Boon Suat, a Commerce graduate from the Class of 1974, also enjoyed the beach outing. “Thank you for inviting my family to the NTU Family Day at Sentosa. It was wonderful and my family liked it very much,” he said.

南洋理工大学于3月18日(星期日)假圣淘沙举办的“南大家庭日”，吸引近3000名校友、教职员、学生及家属参加。上午8时许，出席者在社会发展、青年及体育部政务部长符喜泉校友的带领下，在巴拉湾海滩一起做热身操。在符喜泉校友为二公里晨运活动挥旗之后，长长的人流从巴拉湾海滩出发，浩浩荡荡步行到西乐索海滩。

嘉年华会 缤纷多彩
上午9时许，人群抵达西乐索海滩后，兴致勃勃地投入各类活动。球类比赛包括四人组沙滩足球赛、四人组沙滩排球赛、三人组篮球赛等。沙滩竞技比赛也吸引了不少人的围观，到处是欢笑声和胜利的欢呼声。各项体育竞赛把嘉年华会推向高潮。

南洋商学院毕业班的陆振强同学(24岁)说：“我经常参加球类运动，今天特地来参加沙滩排球赛。和我一起来的有大学宿舍的朋友及同学。南大家庭日的气氛热闹、活动很精彩。”

另一边厢，大批观众坐在舞台前，聚精会神地欣赏南大学生俱乐部及校友们的落力演出。大会主持人还要求观众一起参加玩台上举办的有奖游戏，欢声笑语不绝于耳。会场上的“亲子活动”和趣味的寻宝活动，也为家庭日增添了温馨欢乐的气氛。

带着全家老少参加家庭日的南大会计系1993年校友吴基顺(38岁)笑说：“我们一家五口都来了，包括两个半月大的儿子，我的儿子可能是年龄最小的出席者！”

圣淘沙所展现的无穷魅力和水天一色的美丽海景，令人心旷神怡、流连忘返。人们陶醉在大自然的美景中，悠闲自在地度过愉快的假日。

“南大家庭日”轻松好玩乐逍遥
南洋理工大学首次主办的“南大家庭日”不仅为南大成员提供松懈身心的机会，也促进了南大成员的交流与团结精神。

主办当局也举行了幸运抽奖活动，嘉年华会于下午1时正式结束。许多校友、教职员、学生意犹未尽，继续在沙滩上参与其他活动。有的在海边尽情地游泳，有的在海边烧烤或散步，有的陪伴孩子挖贝壳或堆沙堡，有的则在椰子树下与老同学、同事或老师叙旧。

南洋理工大学首次主办的“南大家庭日”不仅为南大成员提供松懈身心的机会，也促进了南大成员的交流与团结精神。
曾渊沧校友出生于新加坡，1975年毕业于南洋大学数学系，现为香港城市大学工商管理硕士课程主任及管理科学副教授，同时也是中国香港特别行政区深水埗议会之议员。他先后荣任多家企业、机构、证券行之顾问，也是各地著名报刊杂志的专栏作者。

热爱数学、摄影及擅于运用统计学预估股场走势的曾渊沧，自大学毕业以后，就开始为创富作好准备。他对股票的兴趣，原来早自南洋大学求学时期已开始萌芽。那是一个人人都为股市疯狂的年代。

自制股价图表

曾渊沧说："1972年，我进入大学，在新加坡南洋大学念数学系。那时候，整个东南亚，包括新加坡，所有人都为股市疯狂了。那时候，我是一个穷学生，当然没有资格炒股票，但也开始对股票产生了兴趣。我开始在宿舍的墙上贴上一些自制的股价图表，那时候没有个人电脑，更不用说互联网，股价图表只有用手自制，我当时也常常依靠这个图表自我推断股价，玩纸上谈兵的游戏。"

大学毕业后，曾渊沧先后在一家木板厂及电子厂工作。1978年，他在英国兰卡士特大学取得运筹学硕士后，受聘于曼彻斯特大学当教学助理，同时攻读博士学位。80年12月，曾渊沧到肯特大学当博士后的研究员，研究员的待遇与讲师相等，算是生平第一次开始享受高薪的生活。

赚来第一桶金

82年1月，曾渊沧回到新加坡，很顺利地找到工作，在以生产饮料、食品、酱油、养猪为主的杨协成集团工作。1986年，新加坡面对建国以来第一次的经济不景气，当时新加坡政府为了刺激经济、刺激股市，决定允许新加坡人动用中央公积金来买股票。

"当我知道政府开始允许人们动用中央公积金买股票时，很高兴，认为是可以奋身入市的时候。条例开始的第一天，我几乎是新加坡第一个到中央公积金局领取表格的人。从那天开始，新加坡的股市也真的止跌回升，而且愈升愈快，那一仗，我赚到了不少钱，算不算是第一桶金呢？仅仅一年，所赚到的钱等于我4年的薪水总和。"

经济不景气也使到许多企业的内部斗争白热化。当时曾渊沧感到工作压力很大，有一种"为五斗米折腰"的感觉。于是，他积极寻找其他工作机会，后来5张聘书一起寄到，两张聘书来自新加坡，两张聘书来自香港，另一张聘书来自台湾，最后，他选择去了香港。

股灾改写人生

抵港不久，就有经纪找上门。除了开股票户口外，他也开了恒生指数期货户口。87年10月一场突如其来的股灾，令他变得一无所有，多年的储蓄，及在新加坡股市所赚到的第一桶金化为乌有了。那一天，他思想停顿了，脑袋里一片空白，不知如何是好。

"这场股灾，使我明白，投资不是一件简单的事。我需要加强我的投资知识，于是我积极寻找其他工作机会。后来，5张聘书一起寄到，两张来自新加坡，两张来自香港，最后，他选择去了香港。"
Making the vision a reality

Mr R Sinnakaruppan, President of the NTU Alumni Club shares his dreams and passion and also on the path that saw the new NTU Alumni Clubhouse at one-north materialise.

Mr R Sinnakaruppan graduated from the School of Mechanical and Production Engineering (now known as the School of Mechanical and Aerospace Engineering) in 1985 and he was part of the pioneer batch of about 572 students who enrolled in the former Nanyang Technological Institute (NTI) in 1981.

“As the pioneers, I think all of us experienced something that perhaps no other batch would have experienced. We were in an old, quaint campus which had been refurbished from the old Nanyang University and our campus life was very different from today. We were a small close knit family and we would know all our lecturers by name, and so would the lectures. Though the campus at that time had very limited facilities, the close knit and friendly community made up for the lack of modern facilities and I think it is something that our pioneer batch will always treasure,” he recalled.

Mr Sinnakaruppan recalled how his dreams of seeing the very first NTU Alumni Clubhouse finally came true. “During the final year of our studies in NTI, some of us student leaders felt that it was our responsibility to form an alumni association when we graduate. A group of us applied to the Registrar of Societies for the establishment of the association and our dream was finally realised when the NTI Alumni Association (NTIAA) was officially registered on 5 September 1986,” he added.

“When I was in the NTU Council in 1991, I conveyed to the Council and Dr Cham Tao Soon that we would need a clubhouse which could become the focal point for the graduates to meet. I am very grateful to the support from Dr Cham as with his support, we managed to obtain space at the former National Institute of Education (NIE) campus in Bukit Timah. In 1994, we successfully opened and started operations from our first Clubhouse at House 4 at the Bukit Timah campus,” he said.

With the increase of the membership base to 1,500, the Bukit Timah Clubhouse saw the constraints of space and facilities to house its members comfortably. The Management Committee then took another challenge to establish its second Clubhouse measuring 13,500 sq ft at a rented premise in River Valley in 1998.

Mr Sinnakaruppan wishes to share this message and also his motto in life that has brought him so far. He says: “Aspire and achieve as high as you can as that is what the training in NTU has provided. Always make the best of the opportunities that come your way...”

Mr R Sinnakaruppan, President of the NTU Alumni Club

Through the Management Committee’s dedicated and relentless efforts, the NTU Alumni Club reached an important and significant milestone in its history. Forging a unique partnership with NTU, plans began to unfold to bring the two entities together under one roof located in the heart of one-north, the upcoming research and life-sciences hub in the region.

When asked about the challenges Mr Sinnakaruppan and his committee faced to bring their dream to reality and what would be the challenges for the future, he said: “In 1986 when we first started the alumni association, our vision was to one day have our own clubhouse and today in 2007, we have achieved our original vision. We have facilities that are comparable to other clubs in Singapore and it is made available to members at an extremely good price. Moving forward, the challenge we have now is to try and appeal to all our graduates that this is their clubhouse and the facilities are here for them to use.” To be able to come to this stage required a lot of strong support from the committee members for which Mr Sinnakaruppan is very grateful for.

“There were trials and tribulations when planning to build up this clubhouse. All my committee members had this commitment to do something for the alumni community. We wanted to organise the community which in turn will assist the university,” he said.

Mr Sinnakaruppan wishes to share this message and also his motto in life that has brought him so far. He says: “Aspire and achieve as high as you can as that is what the training in NTU has provided. Always make the best of the opportunities that come your way. You must set some goals in life, dare to dream and work very hard to achieve these goals.”
Shining young star
The Singapore Armed Forces' first female naval diver, NTU alumna Major Esther Tan, has been conferred Her World's Young Woman Achiever of the Year Award 2006.

Breaking gender stereotypes, Ms Tan is recognised as being one of the top female endurance athletes in Singapore. She takes part in five races a year, including triathlons and cross-country expeditions throughout Asia and Australia.

In recognition of her extraordinary physical achievements, Her World chose to award the Young Woman Achiever of the Year to Ms Tan. The magazine has been conferring the Young Woman Achiever of the Year to Ms Tan since 1999, to recognise and reward young women below the age of 35 years who are an inspiration to other young women.

Ms Tan speaks of her University days: "I wasn’t so athletic till I came to NTU, where I studied Electrical and Electronic Engineering from 1995 to 1999. Staying on campus, I wanted to experience all kinds of sports, hence my endurance for running, swimming and biking was gradually built up with all my disciplined training during those days."

"I started from NTU biathlon training and Inter Varsity competitions for biathlon and swimming, and won numerous podium finishers. I also participated in dragon boat racing for a year, and came in second in a regatta. The icing on the cake was when I represented Singapore in two Asian Championship triathlon races held in Singapore and in South Korea," she added. On being conferred the award, she says: "I feel grateful receiving the Young Woman Achiever Award. It is very encouraging, and spurs me on to do better. As a matter of fact, I will be doing an Adventure Race World's Championship 2007 in May and I hope that through this I can give Singapore some exposure in the Worlds race".

Ms Tan is a strong advocate of endurance sports and regularly speaks at schools and girls' homes to share her experiences. Asked if she had any words of advice for our students and alumni of today, she said: "Keep going, never stop trying to give your best in everything you do. If you get tired, search out far and wide; draw inspiration from those who managed to get out of their difficulties. "Mentor the young, because they can recharge our enthusiasm. Seek out role models and mentors who have made it, because their words have the power to lift your spirits in times of need."

Among the world’s most outstanding young leaders
Selected from 4,000 candidates worldwide, NTU alumnus Teo Ser Luck, Parliamentary Secretary for Community Development, Youth and Sports, is a worthy nominee for the title of Young Global Leader 2007.

Mr Teo Ser Luck has been nominated as a Young Global Leader 2007 for his "professional achievements, commitment to society and potential to contribute to shaping the future of the world."

"I just felt humbled to be selected, especially being the only Singaporean this time. Coming from a humble and average background, this is very encouraging," said Mr Teo when asked about his feelings on being nominated. "There are many more deserving individuals than me," he added.

Bestowed yearly by the World Economic Forum (WEF), the award recognises and acknowledges eminent young leaders under the age of 41 from around the world. It also includes those who from government and from the fields of academia, media, civil society, arts and culture.

From a pool of over 4,000 candidates, the Young Global Leaders 2007 nominees were chosen by a selection committee chaired by Queen Rania of Jordan and members made up of some of the world's top media leaders. The 2007 nominees include Japan’s Princess Akishino, Lego Group’s CEO, Mr Jørgen Vig Knudstorp and Wikipedia & Wikimedia Foundation’s founder, Mr Jimmy Wales.

"I hope that it gives me the opportunity to share with the rest of the world the great opportunities in Singapore, that a small country like ours has big dreams, the people have great potential and that Singapore has a bright future!" said Mr Teo who will join the other young leaders in the annual summit of the Forum of Young Global Leaders in Dalian, China, this September.

张思乐校友入选全球杰出青年领袖
南大校友、新加坡社会发展、青年及体育部政务次长张思乐先生从全球4000多名杰出青年人选中脱颖而出，成为2007年全球青年领袖候选人之一。

“世界经济论坛”每年都会颁发全球杰出青年领袖奖项，以肯定和表彰世界各地41岁以下的杰出青年领袖，其中包括来自政府部门、学术机构、媒体界、公共组织、艺术界、文化界等领域的青年人。

张思乐先生凭借其“专业成就、献身社会、对塑造未来世界的贡献”、“入为2007年度全球青年领袖候选人之一”。

提名及入选全球青年领袖的感受时，张思乐校友说:“我觉得受宠若是，尤其是这次是我唯一入选的新加坡人，来自一个普通的小康家庭，能入选是他们对我的鼓励，其实，比我有资格的人选还有很多。”

“2007年全球青年领袖”的候选人超过4000名，由遴选委员会选出。委员会主席是国际影响力强劲、成员包括全世界媒体的顶尖人物，被誉为2007年全球青年领袖的包括日本的秋宫纪子、乐高集团总裁克努斯托普、维基百科与维基媒体基金会创办人吉米威尔士等。

张思乐校友连同其他全球青年领袖候选人，将于今年9月赴中国大连，出席全球青年领袖论坛年度峰会。

他说:“我希望与各国代表分享新加坡蕴含的许多重大机遇，即使像我们这样的小国，也有远大的梦想，巨大潜能的人民，以及新加坡的光明前景。”

全球青年领袖论坛由世界经济论坛执行主席克劳斯·施瓦布教授创办于2004年，目的是“云集世界各地不平凡的青年领袖人物，以共同应对全球挑战...创造更美好的未来。”
Global fame for alumnus
Ang Swee Tian

Nanyang University alumnus Ang Swee Tian has been inducted into an international hall of fame by Futures Industry Association (FIA). He is the first Asian to be placed in FIA's exclusive club.

A graduate from the Nanyang University and Senior Advisor to Singapore Exchange (SGX), Mr Ang Swee Tian has recently been inducted into an international hall of fame by Futures Industry Association (FIA).

FIA set up its hall of fame in 2005 to celebrate the accomplishments and recognise the significant contributions individuals have made to the futures and options industry.

Mr Ang Swee Tian, who was SGX president from 1999 to 2005, is one of the 19 people from around the world recognised in the biennial induction. Past recipients include former US Federal Reserve Chairman Mr Alan Greenspan.

Mr Ang graduated from Nanyang University with a first class honours degree in Accountancy in 1970.

He graduated from US Northwest University with a Master Degree in Business Administration with distinction in 1973.

Following the formation of Singapore Exchange Limited (SGX) in 1999 which integrated the operations of SIMEX and the Stock Exchange of Singapore, Mr Ang was made the President of SGX. He became SGX’s Senior Advisor in 2005.

An industry veteran with about three decades of experience, Mr Ang is a well-known figure in the finance industry.

He has also volunteered his time to give a talk on 27 May 2005 at the inaugural "Distinguished Alumni Forum" organised by NTU’s Alumni Affairs Office.

SGX Chairman Mr J Y Pillay said that Mr Ang has made significant contributions to SIMEX, SGX and Asian futures.

"He has remained an important pillar to SGX, and we are enthusiastic that FIA has honoured him with this noble award for all his efforts,” he added.

Honouring the SAAs

AAO initiates the Student Alumni Associate (SAA) programme to cultivate future alumni leaders.

The Alumni Affairs Office (AAO) honoured some 31 undergraduates as Student Alumni Associates (SAAs) at the Holiday Inn Park View hotel, in recognition of their commitment and contributions to the cultivation of alumni relations.

Guest-of-honour Mr Anthony Teo, Secretary to the University, together with Mr Soon Min Yam, Director of AAO, presented each SAA with a Certificate of Appreciation and souvenir watch on 5 May.

In his welcome address, Mr Teo said: “All of you who are present here today possess great leadership skills as you are key players in your own clubs, associations, schools and halls of residence... our current students, are the University’s assets and our future alumni. Your affiliation with the University begins from the moment you step into NTU and continues long after graduation.”

Mr Soon elaborated on the spirit behind the SAA programme. He said: “By helping to foster pride and tradition, promote and inspire class unity, you will help alumni keep alive the friendships, associations and interests they formed as students in NTU,” he added.

Mr Soon elaborated on the spirit behind the SAA programme. He said: “To build up strong alumni relations, AAO organises various alumni programmes and activities to connect with more than 100,000 alumni. These Student Alumni Associates have responded to our calling and have demonstrated strong support towards AAO and our causes... recognising them as Student Alumni Associates is a way of showing our appreciation.”

The SAAs programme aims to give NTU students an insight into the important role of alumni in contributing towards our vision of becoming a “great global university” with excellent alumni relations.

Honouring the SAAs

AAO initiates the Student Alumni Associate (SAA) programme to cultivate future alumni leaders.

The Alumni Affairs Office (AAO) honoured some 31 undergraduates as Student Alumni Associates (SAAs) at the Holiday Inn Park View hotel, in recognition of their commitment and contributions to the cultivation of alumni relations.

Guest-of-honour Mr Anthony Teo, Secretary to the University, together with Mr Soon Min Yam, Director of AAO, presented each SAA with a Certificate of Appreciation and souvenir watch on 5 May.

In his welcome address, Mr Teo said: “All of you who are present here today possess great leadership skills as you are key players in your own clubs, associations, schools and halls of residence... our current students, are the University’s assets and our future alumni. Your affiliation with the University begins from the moment you step into NTU and continues long after graduation.”

Mr Soon elaborated on the spirit behind the SAA programme. He said: “By helping to foster pride and tradition, promote and inspire class unity, you will help alumni keep alive the friendships, associations and interests they formed as students in NTU,” he added.

Mr Soon elaborated on the spirit behind the SAA programme. He said: “To build up strong alumni relations, AAO organises various alumni programmes and activities to connect with more than 100,000 alumni. These Student Alumni Associates have responded to our calling and have demonstrated strong support towards AAO and our causes... recognising them as Student Alumni Associates is a way of showing our appreciation.”

The SAAs programme aims to give NTU students an insight into the important role of alumni in contributing towards our vision of becoming a “great global university” with excellent alumni relations.
The get-together held on 12 May this year was hosted by NTU President Dr Su Guaning and attended by about 70 alumni and invited guests which included the Singapore Ambassador to Indonesia, HE Mr Ashok Mirpuri. This is the second gathering to be held in Jakarta, the first one being held in February 2005.

The guests who gathered at the Hotel Mulia Senayan for an evening of regalement and reminiscing included alumni from the undergraduate and postgraduate courses, from the various eras of the university.

During his welcome address, Dr Su said: “To all of us here, NTU holds a special place in our hearts. We believe in building a strong University community, comprising alumni, faculty, staff, students, and even parents. Our alumni in Indonesia are an active extension of the University. You are NTU’s valued stakeholders, and custodians of our past and stewards of our future.”

“As part of NTU’s network of over 100,000 alumni in over 90 countries worldwide, you contribute as much to the reputation and excellence of NTU as our students and staff - and we are proud of your achievements and their continued commitment to the University.”

Tonight, it gives me great pleasure to launch our fourth overseas-based alumni association — The Nanyang Alumni Association Indonesia, right here in Jakarta. To the alumni volunteers and friends who have made this possible, I congratulate and applaud you on having attained this significant milestone; and for all the wonderful work you have done for the University. Your generosity and commitment are deeply appreciated,” added Dr Su.

Heading the newly formed association is Mr Lie Ngian Keng, alumnus from School of Electrical and Electronics Engineering, Class of 1989.

Mr Willy Nusantara, Advisor to the Nanyang Alumni Association Indonesia, took the opportunity to present to the guests the achievements of the association. He said: “Our alumni from Nanyang University, NTI and NTU in Indonesia are one big family under the Nanyang Alumni Association Indonesia. I strongly believe that with the formation of this association, it will bring promising result to foster a closer relationship between NTU and its alumni in Indonesia.”

During the dinner, the alumni enjoyed the opportunity to network and interact with fellow alumni and senior officials from NTU. All of them were pleased to witness an alumni association being launched in Indonesia, and gave their fullest support.

Mr Jaspal Sidhu, alumnus from the School of Civil and Environmental Engineering, Class of 1987, who gave an opening address at the gathering, said: “As a Singaporean working in Indonesia for almost 18 years, I miss the friends I made in school. Such get-togethers allow me to get back in touch with them. I was most happy to find out that a few were actually here in Jakarta with me, and I did not even know that.”

A lively lunch across borders

Close to 100 international alumni gathered for an afternoon of networking at the second International Alumni Lunch.

The bright Saturday afternoon on 14 April saw a cheery gathering of close to a hundred international alumni meeting up for some networking over lunch. The lunch was held at the NTU Alumni Club, located at NTU’s one-north campus.

The second International Alumni Lunch was organised by the Alumni Affairs Office which turned out to be a well received affair that saw a diverse group of alumni attending.

Close to 20% of our total alumni population are from overseas, and for the get-together, there were alumni from neighbouring countries such as China, Malaysia, Indonesia, Vietnam, Myanmar, Philippines and India. The good mix of international alumni brought along a rich mix of cultures at the lunch.

Mr Anthony Teo, Secretary to the University, extended a warm welcome to everyone and spoke on the important role that our international alumni play.

“I personally felt that this lunch was a great event as it provided us the chance to mingle around with different batches of NTU alumni and at the same time, we were able to widen our business contacts which can prove to be beneficial,” said Lim Hong Loon, alumnus from the Technopreneurship and Innovation Program, Class of 2005.

The afternoon’s activities ended with many of the alumni exchanging name-cards with their new-found acquaintances. Everyone had a great time networking and the contented smiles on everyone’s faces were a clear indicator of the event’s success. They were very pleased to be given the opportunity to meet fellow alumni from various parts of the world.

Lim Chong Han from the Science faculty, Class of 1965 and Phan Toeng Moy from the Arts faculty, Class of 1973 said: “Both of us were very pleased to attend this special meeting and we really enjoyed the buffet lunch. Thank you very much for organising it!”

### 向校友班级代表致谢！

从上世纪60年代至本世纪毕业的校友班级代表，出席了校友事务处举办的新年聚会。南大秘书长张顺才先生在聚会上指出，班级代表是连接全球校友网络的中枢点，校方衷心感谢他们对维系校友凝聚力做出了重要贡献。

约有100名校友班级代表于1月27日出席了在南洋理工大学纬壹校区举行的新年聚会。南大秘书长张顺才说：“班级代表是连接全球校友网络的中枢点。...对于你们慷慨可贵的热诚奉献及校友精神，大学将永远存感激并且倍加珍视。”

校友班级代表是南大最重要的一群义务工作者，至今已有超过400名热心校友加入了班级代表的阵容，协助维系同学与母校的联系，促进南大校友的凝聚力。

如果您有兴趣担任班级代表或想推举适当人选担任，可联系校友事务处（电话：67904434/6732；电子邮箱：alumniaffairs@ntu.edu.sg）。
Statistics show that SBS’s pioneer batch of 95 graduates bucked employment trends of life sciences graduates. A hundred per cent of those who have chosen to enter the workforce all found favour with employers, both locally and overseas. In fact, all landed jobs within five months of graduating from NTU, quickly filling posts in the life sciences sector and even launching professional careers in industries such as education, finance and management.

“I am very proud to see our first batch of excellent graduates doing so well. With the tailored curriculum and unique pedagogy here, our graduates are well-prepared for any career,” says Prof James Tam, Chair of SBS.

Prof James Tam, Chair of SBS notes, 30% of the first NTU Life Sciences cohort are now pursuing PhDs in areas such as malaria, dengue, stem cells and diabetes. These PhD holders will be welcome additions to Singapore’s PhD talent pool as the nation asserts its position as a research hub.

“We have evidently found a unique formula for success in our direct honours programme and well-rounded curriculum offering multiple routes to success,” says Prof Lars Nordenskiold, Associate Chair, Biological Sciences (Academe) at SBS. “The market seems to prefer graduates with honours degrees and ours have all found jobs and do not seem to have difficulty with employment as experienced by graduates from elsewhere as reported in the media some months ago.”

In line with the nation’s push for more PhDs, NTU’s four-year direct honours life sciences degree also opens doors to postgraduate education – at prestigious institutions in the US, France, and Sweden.

### Alumni Education

NTU Centre for Continuing Education (CCE) understands the education needs of its graduates do not stop once they obtained their degrees. In this fast-paced globalised economy, our graduates need to continually upgrade and enhance their knowledge and skills to secure the competitive edge in their career and personal development.

As an integral arm of the university, NTU-CCE sees itself serving an important mission of meeting the continuing education needs of its Alumni through innovative and value-enhancing education programmes.

CCE’s subtly-tuned Professional and Personal Development courses range from engineering to management disciplines. Tapping on leading industrial players and faculty researchers, these programmes coupled with its innovative approach will provide you with the most relevant and highest quality content.

To find out more about our courses, visit us at www.ntu.edu.sg/cce
Alumni and friends had a rollicking good time at our regular alumni movie screenings.

Alumni and friends were charmed by the humorous yet perceptive insights of the comedy flick “Just Follow Law” on 25 February.

The movie screenings bring groups of alumni and friends together!

Based on the legendary Marvel Comics series, Spider-Man 3 webbed in more than 300 NTU alumni and guests into three cinema halls at GV Vivocity, Harbourfront.

On another occasion, over 200 alumni got-together to watch Jack Neo’s latest comedy flick “Just Follow Law” on 25 February.

Register for the NIE Director’s Relay Run!

National Institute of Education (NIE) invites all alumni and staff to participate in the “NIE Director’s Relay Run 2007” and raise funds for a worthy cause.

You may participate by registering a relay team of 6 runners in the competitive race, or as individual runners in the non-competitive ‘Fun Run’.

Alumni and Development Committee (ADC)

The ADC is a standing committee of the NTU Board of Trustees that oversees issues pertaining to the advancement of NTU and its relationships with alumni and external communities. The committee comprises of:

Nominations open for “Nanyang Alumni Awards”

The Nanyang Alumni Awards have been presented annually since 2005, to recognise alumni who have attained exemplary achievements in their field of specialisation, or have contributed significantly to the betterment of the University, the community or the society at large.

A copy of the nomination form has been inserted into this issue of the NTULink magazine. Alumni, faculty and staff are encouraged to nominate deserving candidates for these prestigious awards by 8 July, 2007. All award winners will be honoured with a specially commissioned trophy and a Certificate of Commendation.

For enquiries, please contact Ms Angeline Tan at Tel: 6790 6558 or Ms Teh Hsiao Wei at Tel: 6514 1077 or email to nanyangalumniawards@ntu.edu.sg.

Join us in celebrating your class anniversaries!

Preparations for the five-yearly alumni reunion celebrations for the Classes of 1960, 1962, 1965, 1967, 1972, 1977, 1987, 1992, 1997 and 2002 have begun! It’s once again time to take a walk down memory lane, catch up with old schoolmates and reminisce the good old days… Many alumni have volunteered their time and efforts to plan for these special anniversary celebrations and we would like to encourage more of you to step forward to join them.

Please with us as we take a walk down the 30 years of NTU’s campus in Pictures: 1977 - 2007.

Alumni and friends are invited to participate in the NIE Director’s Relay Run and help raise funds to support the Nanyang Alumni Awards. The event will take place on Friday, 3 August, at NTU’s Yunnan Garden campus.

Alumni and friends were pleased to network and make more friends during the pre-movie cocktail reception.

Alumni of the Classes of 1960, 1962, 1965, 1967, 1972, 1977, 1987, 1992, 1997 and 2002 have begun! To better prepare students for the real world, Assistant Prof Chui Yoon Ping, Assistant Chair (Alumni) invited several distinguished alumni, many of whom were from the pioneering batches of 1985 and 1986, back to campus on 22 March, for a dialogue session with the graduating MAE students.

The panelists came from diverse backgrounds: Mr Stanley Tan is the Managing Director of an international headhunting organisation, KT Solutions; Mr Theng Sook Yin has been with Molex as Regional Strategic Marketing Manager for many years; Mr Martinn Ho is a technopreneur who invented and patented an automated cleaning system for heat exchangers; Mr Craig Smith is the Director of Technology Surface System at Cameron, which has many NTU graduates in its workforce; and Mr Lim Soon Heng, Vice President and General Manager of Singapore Technology Synthesis and Vice President of Automobile Association of Singapore.

Asst Prof Chui, playing the role of the talk show hostess, had a difficult time sifting through the many questions for the panelists to answer as all the questions were interesting.

Questions included: “How should fresh graduates carve their career path?”; “What is the best industry to join?”; “Are lady engineers at a disadvantage?”; “What sacrifices or risks does one take to be a technopreneur?” and “Has an engineering degree from NTU served them well in their career development?”

When dinner beckoned, students continued their interaction with many other alumni who turned up, including Mr Tan Puay Tong, LTC Raymond Yap, Mr Razlan Manjaji and Ms Christina Woon.

Co-organised by the School of MAE and the MAE Club, the MAE Farewell Dinner 2007 attracted more than 300 attendees, including students, professors and alumni.

The evening ended with a lucky draw where students vied for the HiFi set, and a six-megapixel camera, all generously supported by AAO.

Although farewell speeches were given and goodbyes were said, this was not the graduates’ last step but the opening of a door to the new chapter in their lives.
为了加强毕业于不同届校友之间的联系，毕业于南洋大学商学院的校友首次联办盛大的常年聚餐会，共有两百多名校友齐聚南大校友俱乐部，度过了温馨难忘的五一劳动节。

午餐会于南大纬壹校区的“云南园酒楼餐厅”举行，餐馆四周贴心地摆放了许多南洋大学的旧照片，时间仿佛在这里定格，校友们在似曾相识的气氛下用餐谈心，重温云南园的纯朴情怀。

参加聚餐会的校友当中，有多位南大讲师及来自其他院系的校友。应邀参与其盛的嘉宾，包括南洋理工大学秘书长张顺才先生。

大家在享用丰富美食的当儿，也欣赏了精彩的节目。王金福校友风趣的专题演讲、卡拉OK歌唱比赛、猜奖游戏等，让在场校友们乐开了怀。

由于这次聚餐获得校友的大力支持，筹委会决定来年继续联办类似活动。希望校友继续热烈参与，充分体现“南大精神”，为生命增添美好的回忆。

在老地方重拾一份难忘的回忆

光明似箭，岁月如梭，人生能有几个30年？

3月10日，21位阔别多年的南洋大学校友在南大校友俱乐部的8th Degree 餐厅聚餐叙旧。这些老同窗是1974年南大经济系的毕业生。这次托吕志成同学的福，再把这一班“经济乐园”老友召集起来，让我们有缘重聚，这真是人生中的一大乐事！

大家一坐下来，话匣子一打开，谈天说地不亦乐乎。老同学聚会的最大吸引力和意义，大概就在这里了。其实，我们的生命中，会留下一些老朋友，老朋友的友情有时候跟陪伴我们一同成长的其他友情一样，不用太多，只是那么一点点，就足够让我们的生命充满了深情和意义。

就在天马行空的谈笑声中，三个小时稍纵即逝。散会时，有人大声说：“我们的人生难得有几个三十年啊！有机会，我们一定要再聚一聚！”刚建立的南大校友俱乐部，很适合举办小型聚会，或许这里将会成为许多南大校友“卡仙”(谈天)的好地方。

3月10日，21位阔别多年的南洋大学校友在南大校友俱乐部的8th Degree 餐厅聚餐叙旧。这些老同窗是1974年南大经济系的毕业生。这次托吕志成同学的福，再把这一班“经济乐园”老友召集起来，让我们有缘重聚，这真是人生中的一大乐事！

大家一坐下来，话匣子一打开，谈天说地不亦乐乎。老同学聚会的最大吸引力和意义，大概就在这里了。其实，我们的生命中，会留下一些老朋友，老朋友的友情有时候跟陪伴我们一同成长的其他友情一样，不用太多，只是那么一点点，就足够让我们的生命充满了深情和意义。

就在天马行空的谈笑声中，三个小时稍纵即逝。散会时，有人大声说：“我们的人生难得有几个三十年啊！有机会，我们一定要再聚一聚！”刚建立的南大校友俱乐部，很适合举办小型聚会，或许这里将会成为许多南大校友“卡仙”(谈天)的好地方。

金钱不能买到的东西虽然有很多，然而其中最令人忽略掉的或许就是多年老友的友情了。想到这里，校友们对今天这个久违了的同学聚餐会更加感念与珍惜。南大的老朋友，你们几时再回头来聚一聚啊！

注：出席同学有：志成、子荣、士泮、志生、全标、永言、大展、景文、永珍、锡培、荣森、明达、一枝、秀月、桂云、静好、嫦明、秀霞、玉葵、丽华、文雪

挥洒汗水激情飞扬

5月2日举行的“高级培训班学员联谊活动”，吸引到200多人出席，赛场内外热闹非凡，既有你追我赶的竞争，也有上下一心的团结，最重要的是，友谊赛为大伙儿架起了友谊的桥梁。

体育联欢会于傍晚5时30分在南大体育与康乐中心举行，比赛项目包括接力赛与篮球赛。赛场周围，各项目学员纷纷组成啦啦队为队员助威，参赛健儿们以昂扬的斗志与团队协调配合，取得了不俗的战绩。

虽然在赛场上激烈角逐，但走出赛场大家又亲如一家。参加联欢活动的校友们表示，体育联欢活动为丰富课余生活、促进交流，赢取冠军并不是参加比赛的主要目的。

管理经济学硕士学位项目学员陈海波说：“体育联欢活动很好，体育是最好的沟通桥梁，也是我们相互学习的一部分。”

学员们在享用丰盛的自助晚餐后，继续在轻松的气氛中相互沟通，出席体育联欢会的学员代表，来自管理经济学硕士学位项目、公共管理硕士学位项目、高层主管工商管理硕士学位项目、创业与创新硕士课程 2007及中国白山市（第三期）领导干部培训班。

“高级培训班学员联谊活动”由南大校友事务处负责组织，活动获得人文与社会科学学院、南洋商学院、南洋科技创业中心及南大学生事务处的大力支持。

感谢南大“助我逐梦”！

“创业与创新硕士课程”一名学员，3月期间从中国飞回新加坡探望师长，并以实际行动表达了自己的感激之情。

现年31岁的李世昌于3月7日回校拜访师长。当天，他将一张面额10万元人民币的支票交给南大秘书长张顺才先生，并赠送纪念品给南洋科技创业中心、南大基金发展处及南大校友事务处。

李世昌在受访时说：“我坚信创业是可以学习的，感谢南大开办‘创业与创新硕士课程’，让我受益非浅！我也会继续努力钻研陈学长教授所传的创业真谛，没有他们的辛勤工作，不可能有这么好的一个课程。最后，我也要感谢校友事务处理组委会，让我们有机会与其他校友交流，建立广泛的联系，南大校友的帮助对我非常宝贵。虽然我人在北京，但我们的心是连在一起的，南大就像我的第二故乡，我会一生感激南大！”

李世昌目前是北京东亚国际技术培训中心的院长，这家由他创办的培训中心，刚于今年初荣膺2006年度“50强人民信赖品牌奖”。同时当选的还有“海尔”、“长虹”、“青岛啤酒”等中国知名品牌。 “50强人民信赖品牌奖”颁奖典礼于今年2月3日在北京人民大会堂举行。

李世昌在受访时表示，乐捐南大是为了表达自己对南大的感激之情。对于校友们的支持，他觉得“有义务献上一份心意”。

I am currently the Regional Environment Manager for Syngenta, a global agro-chemical company, and I am based in the regional HQ in Singapore. In the Asia Pacific region, we have manufacturing sites in China, India, Korea, Indonesia, Thailand, Vietnam, Bangladesh and Pakistan. We also have smaller operations in Malaysia, the Philippines, Japan and Australia.

My responsibilities include monitoring the environmental performance of our sites and providing technical expertise in their major environmental programmes such as energy reduction, waste minimisation and compliance with country specific environmental regulations as well as internal Syngenta standards, or any environmental issues they may face.

I am also responsible for providing technical support in projects such as M&As and site expansion/development, as well as improving the capabilities of our environmental staff.

I am now doing my part-time MBA with NBS. Earlier on, I had submitted an essay for competition on the topic ‘Demographic Changes in Corporations’ to the 11th World Business Dialogue held in Cologne.

I am glad to share that my essay has been selected as the best topic essay for the year. The essay will be published in the event’s official documents as well as the German edition of the Harvard Business Manager. I will also be interacting with the top executives from many MNCs to learn first hand from these successful businessmen.

My engineering training from EEE and business training from NBS has given me an edge in moving my career forward and I have learnt a lot from NTU!“

It’s been two and half years, and I can still remember the feeling of waking up in hostel and looking across the corridor, as the smell of coca filled the morning air from the nearby factories.

When it’s break time, our pals will hang out in the sugar banks and gossip, or “ta-bao” food from Canteen 3. The odor of the food will linger on your hand from these successful businessmen.

When I graduated, I co-founded Anamics Pte Ltd with my partner. “

Our signature dessert, Magic Potion, is the first in Singapore to use liquor as topping in the ice cream. Our mud pies are also a MUST TRY. We are awarded Platinum by ‘Sweetest Things’, Singapore best dessert book. We are also featured in Channel 5 and Channel 8 this year. Visit our website at WWW.ICE3CAFE.com to know us more!”

"I graduated from NTU in 2004 and joined STMicroelectronics (Ang Mo Kio), thanks to NTU. Subsequently I was sent to Italy for entering into its fourth year of operation. The company was without fame and portfolio. Today, the company is called Shine Media Pte Ltd, a multimedia company. I am the Director (Projects) of the company.

"After spending 8 years with Press Holdings, I decided to pursue my own interest and set up a company with my partner. It has prepared me well in keeping contact with my NTU friends and secondary school friends. It has made me a better engineer dealing with Transmission System and Communication Engineering. In the journalism and mass communication major, I discovered that in order to be journalistic, you must be a good story teller. My first experience in a professional research was a very challenging one. We had to go through a lot of research and data collection to come up with a good story. I enjoyed this experience and I learned a lot from it.
