UNITY

“Only from the alliance of the one, working with and through the other, are great things born.”
- Antoine de Saint Exupery

The mark of any good university is considerably characterised by the calibre and commitment of its alumni. United by their common connection and commitment to NTU, our alumni play a continual role in advancing the good name of the University.
NTU’S VISION
A great global university founded on science and technology.

AAO’S VISION
A great global university founded on science and technology with excellent alumni relations.

AAO’S MISSION
Serving and connecting with alumni and engaging them in achieving NTU’s vision.
“An idea can turn to dust or magic, depending on the talent that rubs against it.”

– William Bernbach

At NTU, the diverse talents of our community drives the University forward in its journey and goal to becoming a world-class research-intensive university. The contributions of these talents are paramount to the University’s success.
Dear alumni and friends,

A considerable part of any university’s success depends on the support and level of engagement from its alumni. From the very first opportunity I have had in meeting you, I have been heartened to discover that your support for, and your spirit of engagement with your University, is very much thriving.

When you volunteer your time to sit on interview panels for the recruitment of students; actively involving yourself in recruiting the brightest for the University, you add a new dimension to the notion of giving back to your alma mater. When you return to NTU to serve on advisory boards, contribute as guest speakers, or serve as Class Agents, you help advance the mission of your alma mater and strengthen the NTU alumni community. When you contribute to the cause for undergraduate education, you open up a world of possibilities for our future alumni. In nurturing emerging talent, you are instrumental in helping a new generation pursue dreams and materialise potential.

Today, the University has alumni volunteers from across the world, spanning a broad spectrum of the University’s alumni body, who exemplify this spirit of deep engagement with their alma mater. The University has benefitted from your dedication and your generous contributions of time, talent and resources. On behalf of NTU, I would like to express my deepest appreciation for you, and ask for your continual support for the University.

As the University’s key stakeholders, alumni have the power to advance the cause of their alma mater. Your participation – in all forms – helps to shape the future of your University. Your feedback and continual engagement is crucial to the future success of NTU.

I want to continue strengthening this interaction with you and I want to meet you more often at the various alumni events organised by the Alumni Affairs Office. You can do a lot for us. You can be our advisors. We will make you proud of NTU and we can do that by increasing the profile and international standing of the University. Vice versa, the mark you make in society cements our long term reputation as a great global university. You are NTU’s best ambassadors. And we at NTU, will continue to build mutually rewarding and enriching life-long relationships, with you.

Professor Bertil Andersson
NTU President
ALUMNI AND DEVELOPMENT COMMITTEE

A standing committee of NTU’s Board of Trustees, the Alumni and Development Committee (ADC) supports the University’s advancement initiatives. It provides leadership in NTU’s engagement of alumni, donors and other external constituencies. It also provides oversight and policy guidance on NTU’s alumni matters, philanthropic activities and related external relation issues.
2011 has been a fulfilling year for the Alumni Affairs Office (AAO) as we continued to extend our reach locally and globally to actively engage our growing alumni family.

The year began with an appreciation dinner in recognition of the enduring spirit of volunteerism from our 3,200-strong alumni volunteers. Of these, 193 were newly-appointed Class Agents who had joined the ranks of 1,597 others, who play the indispensable role of helping AAO connect more effectively with its alumni.

AAO believes in the importance of fostering a strong sense of belonging in its alumni. In July, close to 11,000 new graduates were welcomed into the NTU alumni family and reminded of the key roles they play as the University’s new ambassadors. Demonstrating true alumni spirit, the largest graduating cohort in NTU’s history broke the campaign record in their Graduation Class Gift, with four out of every five graduates making a gift to their alma mater. In August, this group of new alumni were further embraced into our alumni community at a Welcome Class Party specially held to celebrate their transition from students to alumni.

We have a rapidly expanding alumni community comprising close to 158,000 alumni spread over 114 countries. It is of crucial importance that they can stay connected at all times from every corner of the globe. As such, we continued to reach out to our alumni through the setting-up of local and overseas chapters. Last year alone saw the launches of eight overseas chapters in Heilongjiang, Gansu, Guizhou, Anhui, Jiangxi, Inner Mongolia, Hainan and USA-West. Locally, four more Alumni Associations were established, namely: the NTU Welfare Services Club Alumni Association, the NTU Chinese Medicine Alumni Association, the NTU Hall 7 Alumni Association, and the NTU School of Physical & Mathematical Sciences Alumni Association.

To ensure that our alumni are meaningfully engaged, AAO organises close to 40 events and activities every year. Designed with our alumni in mind, these programmes serve to enhance and enrich their lives and connect them to their peers and alma mater. To increase alumni’s connectivity to their University and encourage alumni engagement, AAO has in place a variety of communication channels to deliver up-to-date information about NTU’s latest developments and projects all year round.

Moving forward, we are determined to work in even closer collaboration with you all. I would like to thank all who have worked with AAO, for their invaluable support and unwavering commitment. Together, we look forward to further and deeper engagement with our alumni community.

Alumni can easily keep abreast of the most recent news of their alma mater, and find out about upcoming alumni activities and events through the multiple channels of communication made available to them.

INFORMATION MANAGEMENT
The Information Management Unit maintains and ensures the currency of the alumni database in order to facilitate AAO’s effective engagement of alumni.

EVENTS
The Events Unit encourages alumni connection to and engagement with their alma mater by organising a wide range of activities and events that appeal to our diverse alumni body. It also organises key events that recognise alumni achievements and dedication, like the annual Nanyang Alumni Awards.

SCHOOL ALUMNI COORDINATING COMMITTEE
The School Alumni Coordinating Committee (SACC) is a committee set up by AAO comprising faculty and staff representatives in charge of alumni relations. Known as the School Alumni Coordinators, these dedicated individuals of SACC meet regularly for meetings chaired by the Director of Alumni Affairs, to discuss strategies on effective alumni engagement.

These Coordinators represent NTU’s 12 Schools, the Development Office and the Nanyang Technopreneurship Center, as well as the University’s two autonomous entities – the National Institute of Education and the S Rajaratnam School of International Studies.
A SHARED COMMITMENT

They are NTU’s strongest advocates. With their support, we are able to connect better and engage with more alumni. Their dedication, contribution, and enduring spirit of volunteerism has helped to strengthen the NTU alumni community. With a common commitment to reach out further to NTU alumni, our alumni volunteers have made the lives of our students and alumni community even more meaningful.

In appreciation of their contributions of time, effort and expertise to their alma mater, the University held an Alumni Volunteers’ Dinner on 15 February 2011, in honour of our alumni volunteers. Organised by AAO, the dinner was the University’s way of thanking our alumni volunteers, for their work in promoting alumni relations.

An alumni volunteers’ appreciation dinner was held on 15 February 2011, to give thanks to NTU’s alumni volunteers for their generous gifts of time, talent and resources.
A SHARED COMMITMENT

VOLUNTEERING PROGRAMMES

Class Agents, a key volunteering programme of AAO’s, saw close to 1,800 alumni come forward in 2011, to volunteer as Class Agents. These class representatives play a crucial role in helping AAO and the University stay in touch with its alumni. Serving as a vital link between their former classmates and the University, Class Agents also help AAO reach out to more alumni when they contact their former classmates and encourage their peers to take part in AAO events and activities.

Our alumni also contribute in various ways as volunteers:

- Contributing as guest speakers
- Sitting on admission and scholarship interview panels
- Serving on advisory boards
- Serving in alumni associations
- Providing internship opportunities to NTU students and career opportunities to NTU graduates.
- Supporting NTU student clubs
- Referring potential students to NTU
- Helping out at University and AAO events
ACCOLADE

“When someone pursues music through your music, that’s the greatest accolade anybody can get.”

- Rick Springfield

At NTU, we believe in creating and maintaining strong connections with our alumni and helping them stay connected with their peers. When one alumnus gets linked to another through our network, event or initiative, that is the greatest accolade for us.
ENGAGING FROM THE START

AAO believes in the importance of cultivating life-long relationships between alumni and their alma mater. It begins by establishing relations with its alumni as early as their first days at NTU, when they are still students. Outstanding alumni are invited by AAO to NTU’s University’s Freshmen Orientation, to share their professional expertise and life experiences on a variety of topics with the new students.

Student cultivation in the form of talks and presentations by AAO give students the chance to discover the important roles they can play in supporting their University when they become alumni. AAO gives talks to final-year students, on how they can stay connected to NTU, in their new roles as alumni.

Young alumni are welcomed into the alumni community upon their graduation, at the Welcome Class Alumni Parties, organised by AAO at the end of each graduating year. In August, the University welcomed the Class of 2011 new graduates with a Welcome Class Party held at St. James Powerhouse, one of Singapore’s more popular nightspots.

NEW ALUMNI
In 2011, NTU welcomed close to 11,000 new graduates into the Nanyang alumni family. To mark and celebrate their new status as alumni of NTU, the new alumni were issued with the NTU Alumni Card at their convocation ceremony.
GLOBAL ALUMNI NETWORK

The NTU alumni population has grown considerably, both in size and in alumni origin by geographic area. To cater to the expanding alumni base worldwide, localised alumni associations are set up to ensure that NTU alumni can keep in touch with one another and stay connected to their alma mater.

NTU's first overseas chapter in the United States was born, with the launch of the NTU Alumni Association (USA-West) in the San Francisco Bay Area on 23 April 2011.
GLOBAL ALUMNI NETWORK

In 2011, a total of eight overseas alumni chapters and three local alumni associations were formed. The newly-formed overseas chapters are the NTU Alumni Association (Gansu); the NTU Alumni Association (Guizhou); the NTU Alumni Association (Anhui); the NTU Alumni Association (Jiangxi); the NTU Alumni Association (Inner Mongolia); the NTU Alumni Association (Hainan); the NTU Alumni Association (USA – East), and the NTU Alumni Association (USA – West).

The local alumni associations formed this year are the NTU Chinese Medicine Alumni Association, the NTU Hall 7 Alumni Association and the NTU School of Physical and Mathematical Sciences Alumni Association. As at 30 December 2011, NTU has 36 overseas alumni associations in countries including China, India, Vietnam, Thailand and the United States of America, and 29 local alumni associations.
ENGAGEMENT THROUGH EVENTS

To ensure that we fully engage our diverse body of alumni, a variety of events and activities specially designed with alumni’s varying interests in mind are held throughout the year. Below are some of these events.

ANNUAL HOMECOMING

Every year, AAO organises a major homecoming event for alumni to return to campus. The event usually kicks off in the afternoon, with two forums (one English, one Chinese) for alumni. Following these, a sumptuous reception lunch awaits and a campus tour is available for those who wish to revisit campus grounds. The event culminates in Alumni Night – a ceremony where NTU gives recognition to alumni who have made significant contributions to their alma mater and community.

REUNIONS

Combined class reunions are a fun and vibrant way of meeting up again with the friend you have not seen for years and those you stay in constant touch with. AAO facilitates and organises ten-year combined class reunions annually to ensure that everyone has a chance to reconnect!

DISTINGUISHED ALUMNI FORUM

A key event organised by AAO several times a year is the Distinguished Alumni Forum (DAF). With discussions from alumni speakers for alumni, the DAF seeks to engage alumni with interesting and relevant topics that will help them in their professional or personal lives.

The first DAF for 2011 was a ‘Post-Budget 2011’ forum which brought alumni together to share their viewpoints on the nation’s budget. The second saw four alumni speakers sharing their views on achieving work-life harmony, in ‘CEO of me – Energising Work, Engaging Life’. Two other DAFs were held in the same year, in conjunction with the Annual Homecoming event; an English forum titled ‘New Media in Today’s World’, and a Chinese forum titled ‘创业,投资,理财’.

NTU FAMILY DAY

The NTU Family Day is held every year to foster family ties and community bonding. On 21 May 2011, 500 alumni, staff, student and their families turned up at Bottle Tree Park for a day of family bonding. All present were kept busy with ‘longkang’ fishing and prawning activities.

NTU SPORTS FIESTA

The much-loved, much-anticipated annual sporting event is held to give alumni who love sports yet another reason to come back to campus, to reconnect with old friends and make new ones. About 250 participants turned up at the NTU Sports and Recreation Centre, for a dose of competitive but friendly sporting spirit on 9 July 2011. The games played that day included badminton, table-tennis and tennis doubles, 3-on-3 basketball, 5-a-side soccer and 4 x 100 metres relay run.
ENGAGEMENT THROUGH EVENTS

MOVIE SCREENINGS AND MOVIE MARATHON
Movie screenings are organised year round for alumni movie buffs. Every year, about four movies are screened. This year, alumni got to watch new releases – 'Homecoming', 'Kungfu Panda Part II', 'Harry Potter and the Deathly Hallows Part II' and 'Mission Impossible – Ghost Protocol'. Apart from the regular screenings, there was also an inaugural Movie Marathon held on 16 to 17 July 2011. Alumni turned up with their pillows and blankets and sat through screenings of ‘Harry Potter and the Order of the Phoenix’, ‘Harry Potter and the Half-Blood Prince’, and ‘Harry Potter and the Deathly Hallows Part I’.

ANNUAL DURIAN TRIP AND ALUMNI TRAVEL
One of the more popular events for alumni is the annual Durian Trip organised for durian lovers. This year, close to 140 alumni and their families crossed the causeway to savour the king of fruits. Alumni also travelled to Batam at the end of the year for a weekend of outdoor fun and relaxation.

WORKSHOPS
To get alumni into the festive mood, AAO organises workshops where alumni can try their hand at baking their own festive goodies. This year, alumni learnt how to make cookies to usher in the Lunar New Year and logcakes to welcome the Yuletide season.

ACTIVITIES
In 2011, a wide range of approximately 50 activities were held to promote alumni engagement.
ENGAGEMENT THROUGH COMMUNICATIONS

Effective communication is essential to maintaining and strengthening alumni relations. At AAO, we ensure that our alumni stay connected to their alma mater through the different communication channels we have established for them.

COMMUNICATION CHANNELS
The NTULink Magazine
As the key publication connecting alumni to their alma mater, the NTULink magazine offers alumni the latest news and developments on the University and alumni fronts. Issued free to all NTU alumni, the quarterly publication serves to keep alumni of all ages abreast of the most recent happenings at NTU. Featuring the latest campus initiatives, alumni news, and personality interviews, the magazine also encourages alumni contributions in the form of opinion pieces or class notes. Through the latter, alumni can connect with their former classmates by sharing with them their latest news, their travel adventures, motivational stories about their professional or personal life, or even new additions to their families. Class notes also serves as a platform from which alumni have successfully used to reconnect with their long-lost classmates.

ClassACT
Every month, our alumni also receive an e-zine ClassACT, which keeps them updated on their alma mater’s achievements, news and upcoming activities. A ‘Career and Courses’ section in the e-zine informs them of upcoming professional and personal development courses and possible career opportunities.

Happenings
Alumni are kept informed of the events AAO organises for them, through our monthly emailer, Happenings.

AAO Website
With a bilingual website, AAO hopes to reach out to its growing number of alumni the world over. Through this website, alumni can discover ways of staying connected with their alma mater, find out more about benefits and privileges for them, keep up-to-date with upcoming events and activities that may interest them, view photos of their classmates participating in past events of the University, access past issues of publications and more!

Social media platforms
Alumni are encouraged to stay connected via AAO’s social media platforms. Through Facebook, alumni can connect with other NTU alumni and AAO through the NTU Alumni Network page. Alumni can also follow AAO activities, news and events through AAO’s Twitter page at @alumniNTU. With LinkedIn, alumni may connect with other alumni through a professional networking platform to widen their career opportunities and broaden their professional network.
