Dear alumni,

2013 has been nothing short of amazing for NTU. We have trail-blazed ahead with remarkable achievements in NTU’s developments and in our onward progress towards the cultivation of alumni relations.

NTU has been steadily climbing up the world university rankings. In September 2013, NTU was ranked No. 41 in the World University Rankings by Quacquarelli Symonds (QS). We were also ranked No. 2 in the 2013 QS Top 50 Under 50 world university rankings. One of only two young universities below 50 years old amongst the global elite, NTU is the fastest-rising Asian university in the world’s top 50.

In the Times Higher Education's World University Rankings released in October 2013, NTU climbed 10 places to be ranked 76th worldwide. We have also been ranked No. 1 for industry income and innovation and in last year’s Thomson Reuters report on research citations, we have shot ahead to be 1st in Asia for Normalized Citation Impact.

We welcomed the newest jewel in our crown – the Lee Kong Chian School of Medicine (LKCMedicine) – which admitted its pioneer group of 54 students. The School, a partnership between NTU and Imperial College London, trains talented students who hold a commitment to serve the community. As caring doctors of the future, they will be equipped to be the custodians of the health and well-being of Singaporeans in the 21st century.

The progress of NTU would not have been possible without the support of our alumni numbering close to 180,600. You, our alumni, play an important role in the advancement of the university. The mark you make in society strengthens our name as a great global university. We at NTU want to continue to engage you as your support and commitment can make a positive impact in the University’s advancement.
It is through alumni engagement that we gain the support of our loyal and strongest advocates. With a number of initiatives and strategies put in place, we have to date, achieved a contactable rate of close to 90%. We hope to communicate with more of our alumni, encouraging them to come forward and participate in our various programmes and activities.

The University's Alumni Affairs Office (AAO) has made available, many occasions and channels, to gather our alumni through the various activities organised in 2013. Our alumni of 129 nationalities are spread across the globe and it is important that they stay connected with NTU. AAO facilitates the formation of local alumni associations and overseas alumni chapters to ensure our alumni in Singapore and overseas are constantly engaged and kept informed of the University’s developments. In 2013, the NTU Alumni Associations for the School of Humanities and Social Sciences, and for the School of Art, Design and Media, were launched. We also launched the NTU Alumni Association (Europe).

Throughout the year, some 35 events were organised for our alumni, encouraging alumni connection to and engagement with their alma mater. Whilst close to 90% of the activities were planned for our local alumni, our overseas alumni chapters actively organised self-financing events for their fellow alumni too.

You are NTU’s strongest advocates and we welcome your support and contributions in varied ways. We are very grateful to have more than 5,000 Alumni Ambassadors who generously give back to NTU by participating in various volunteering initiatives. Some of them serve as committee members in the NTU Alumni Associations or in Schools' advisory boards, bringing along diverse experiences and valuable knowledge which the University can tap on. Others volunteer as mentors, becoming great role models for current students, offering practical support to them when they start their careers.

In 2013, the Graduating Class Gift record was broken, with 87.19% of graduates from the Class of 2013 making a gift to their alma mater. This clearly shows the immense support of our new alumni who want to make a difference in the advancement of NTU.

In September, NTU held the inaugural Conference of China-based NTU Alumni Associations in conjunction with China Convocation 2013, which was attended by 140 alumni representatives from various parts of China. We also celebrated the achievements of some of our outstanding alumni during October’s grand alumni homecoming. These alumni awardees give their best in what they do, and they serve with utmost integrity.

Alumni are a university’s most loyal supporters as the relationship they have with their alma mater is one that is lifelong. When students start their programmes in NTU, our connection with them does not end upon their graduation. In fact, we aim to continuously stay connected with our alumni whether they stay in Singapore or overseas.

We have a global alumni family at NTU. International students pass through our doors, becoming international alumni with successful careers overseas. As international ambassadors, they bring the knowledge they gained in NTU, to their respective home countries and to many other countries worldwide. NTU’s name gains strength not just in Singapore, but also overseas.

On behalf of the University, I would like to express our deepest appreciation to you, for your commitment and dedicated support. Your remarkable participation and advocacy can build NTU’s successful future.

You are NTU's best ambassadors and let us continue to build on this mutually rewarding and enriching life-long relationship.

Mr Soon Min Yam
Director, Alumni Affairs, NTU
The NTU Alumni Affairs Office (AAO) fosters mutually-beneficial relationships between NTU alumni and their University. As the principal facilitator of events and initiatives for the University’s broad base of more than 180,000 alumni, AAO aims to build a strong bond amongst the University’s diverse alumni.

AAO serves as alumni’s lifelong point of connection to their alma mater. This is done by keeping alumni up-to-date with the latest developments and initiatives of the University, and by engaging them in year-round activities specially designed for them.

At AAO, alumni come first. We are committed to providing the best opportunities to keep the connection between alumni and their University strong, and we work towards the development of meaningful and enriching life-long alumni-alma mater relationships.

Under the leadership of Mr Soon Min Yam, Director of Alumni Affairs, four units in AAO – Global Alumni Network, Communications, Events and Information Management – work hand-in-hand to connect with and engage the alumni community.

Global Alumni Network
The Global Alumni Network Unit promotes alumni networking by facilitating the establishment of local and overseas alumni associations. It provides and fosters collaboration opportunities for alumni-alma mater partnerships and promotes alumni engagement with the University’s initiatives.

Communications
The Communications Unit connects alumni to their alma mater by updating them on the latest University developments and AAO initiatives of AAO. Alumni can keep themselves abreast of the current news of their alma mater, and find out more about upcoming alumni activities via the multiple channels of communication available.

Information Management
The Information Management Unit maintains and ensures the currency and accuracy of the alumni database in order to facilitate AAO’s effective engagement of alumni. With the updated particulars of alumni, AAO aims to keep alumni constantly connected.

Events
The Events Unit encourages alumni connection to and engagement with their alma mater by organising a wide range of activities and events that appeal to our diverse alumni body. It also organises key events that recognise alumni achievement, like the annual Nanyang Alumni Awards.

School Alumni Coordinating Committee
Formed by AAO, the School Alumni Coordinating Committee (SACC) comprises NTU faculty and staff representatives in charge of alumni relations in their respective Colleges, Schools and Departments.

Known as the School Alumni Coordinators, these dedicated SACC individuals gather regularly for meetings chaired by the Director of Alumni Affairs, to discuss strategies and plan initiatives for effective alumni engagement.

These Coordinators represent NTU’s 12 Schools, the Development Office and the Nanyang Technopreneurship Center, as well as the University’s two autonomous entities – the National Institute of Education and the S Rajaratnam School of International Studies.

ALUMNI AMBASSADORS

Our NTU Alumni Ambassadors are the University’s greatest supporters and advocates. This group of admirable NTU alumni have been extremely generous with their time, talent and resources to advance the mission of their alma mater.

NTU enjoys a strong legacy in student and alumni participation and this fine tradition has been gaining remarkable momentum in recent years, with NTU alumni of all ages responding warmly to their alma mater’s intensified efforts to engage them after their graduation.

There are more than 5,000 Alumni Ambassadors who span across the various eras of NTU’s entire alumni family. With their continuous support, the University is able to strengthen its engagement with its alumni. Their spirit of volunteerism keeps the lifelong bond between the alumni and their alma mater strong.

Our Alumni Ambassadors contribute in various ways. These include:

• Serving as a Class Agent by assisting AAO and the University stay in touch with its alumni
• Speaking at alumni forums
• Sitting on NTU Bursaries selection interview panels
• Serving on advisory boards
• Serving in NTU Alumni Associations in Singapore and overseas
• Providing internship opportunities to NTU students and career opportunities to NTU graduates
• Volunteering at key University and AAO events
ENGAGING FROM THE START

Our NTU students are our alumni of tomorrow. We believe in cultivating relationships with our alumni as early as during their first days at NTU. Through this early engagement, we hope to build a strong bond with our students which translates to a steady lifelong relationship when the students graduate and become NTU alumni.

We nurture strong relations with students by supporting events organised by student organisations, kindling students’ interest in alumni activities and grooming them to be the next generation of alumni leaders through the appointment of Student-Alumni Associates.

NTU welcomed more than 9,500 new graduates into the NTU alumni family in 2013.

AAO makes regular presentations to final year students where they learn more about the various services and privileges made available to them as alumni, and how they can stay connected with their alma mater after graduation.

In 2013, more than 9,500 students graduated from NTU and were welcomed into the NTU alumni family. New graduating students are issued the NTU Alumni Card at their convocation to mark their new status as alumni of NTU. AAO also organised the very popular Welcome Class 2013 Alumni Party at Zouk on 3 August for the newly minted graduates.
The success of any University cannot rule out alumni support in its winning formula. The emphasis on building successful relationships with alumni is therefore becoming more pronounced. It is important for us to nurture a culture of ownership amongst our alumni stakeholders and engage them in shaping and contributing to the future of their alma mater.

To date, we have close to 180,600 alumni in our NTU alumni family, which is enriched by our international alumni who constitute more than 20% of our total alumni population from over 120 countries worldwide. Channels of communication and networking are no longer limited by geographical boundaries. Our international family, an extended arm of our global alumni network, provides an excellent platform for alumni to continuously network and be connected with the University, even whilst they are working or residing outside of Singapore.

A total of 43 overseas alumni chapters have been established since 2006 in various parts of the world, which include China, Europe, India, Indonesia, Malaysia, Taiwan, Thailand, Vietnam, United Kingdom and United States of America.

Under the leadership of alumni volunteers, these alumni chapters are in a strong position to leverage on our existing strong alumni network, bringing our alumni activities and partnerships beyond the campus and Singapore, to the world stage. The opportunities for these overseas alumni associations to benefit from the vast ocean of talent, connections and resources of their fellow alumni are immense.

These associations also provide efficient communication flow for the exchange of information, sharing of best practices and updates on NTU’s progress and development.

In 2013, the NTU School of Art, Design and Media Alumni Association, NTU CN Yang Scholars Alumni Association, NTU Hall of Residence Eleven Alumni Association, NTU Alumni Association (Malaysia) and NTU Alumni Association (Ning-Qing-Zang) were formed. The NTU Alumni Association (India) was re-organised into three separate overseas chapters representing the Central, Northern and Southern parts of India.
ALUMNI EVENTS

Throughout the year, AAO organises a variety of events for NTU alumni from all age groups and walks of life, and who have varied interests. It is through these events that alumni are engaged and stay connected with the University.

In 2013, close to 40 activities were held. Some of the major events include:

### NTU Alumni Homecoming

The annual alumni homecoming, a key University alumni event, brings alumni together back home on campus. Starting with two forums, one in English and another in Chinese, the homecoming also gives alumni the opportunity to see the University’s latest developments as they take a tour around the campus. Most importantly, the homecoming culminates in NTU Alumni Night where the Nanyang Alumni Awards are presented to outstanding alumni.

### Distinguished Alumni Forum (DAF) Series

The DAF series, which is organised several times in a year, features prominent alumni speakers who are experts in their respective fields of specialisation. Through the discussions at the sessions, the DAF engages alumni with relevant topics which make a positive difference in their professional or personal lives.

The DAF sessions held in 2013 included 2013 Economic Outlook, Herb and nutrition for a healthier life, Raising children in the digital age, and Secret to Happiness.

### NTU Alumni Family Day

The annual NTU Alumni Family Day fosters family ties and networking amongst fellow alumni. Over the years, the Family Day has been held in various places of attraction in Singapore. On 15 June 2013, the event was held at Adventure Cove Waterpark, Resorts World Sentosa.
NTU Alumni Sports Fiesta

The annual sporting event gathers alumni who are sports enthusiasts, and their supporters, at NTU’s Sports and Recreation Centre for a morning of camaraderie and friendly competition. On 1 June 2013, alumni returned to campus to reconnect with fellow alumni whilst participating in sports and games such as the 4x100m relay run, 3-on-3 Basketball, Tennis Doubles, Badminton Doubles, Table-Tennis Doubles, and 5-a-side Men’s Soccer competitions.

NTU International Alumni Lunch

The annual lunch gathering is organised for international alumni working and residing in Singapore. At this event, the international alumni interact with their fellow compatriots and also with other alumni from different countries, learning more about the varied cultures. The event held on 23 March 2013 was even more significant than previous years, as Singaporean alumni were also welcomed as part of the global alumni community.

Movie Screenings

AAO regularly organises movie screenings at a cinema hall for alumni movie-goers. These screenings show blockbuster movies the same weekend the movies are released in the local theatres, allowing alumni the chance to be the first few to catch a new hit movie. In 2013, the movies shown were The Hobbit 2, Iron Man 3 and The Wolverine.

Class Reunions

Every year, alumni from different classes organise 10-year combined class reunions, which are facilitated by the AAO. These class reunions provide the perfect opportunity for alumni to meet up with friends with whom they might have lost touch with for many years. In 2013, a class reunion was held for alumni from the Classes of 1959 to 1969. And for the first time, a renewal of vows ceremony was also held for 12 alumni couples during the class reunion.

Alumni Travel

As part of alumni travel activities, AAO organises the much anticipated annual Durian Trip across the causeway. During the trip held on 13 to 14 July 2013, the alumni participants enjoyed a durian feast at a plantation, and also visited bird’s nest and chocolate factories. A trip to Vietnam was also organised for alumni from 29 November to 2 December 2013.

Workshops

A number of lifestyle workshops are organised for alumni who have different hobbies and interests. On 19 January 2013, a group of enthusiastic alumni turned up for some masterclass training at the NTU Alumni Festive Baking Workshop. At the event organised by the NTU Alumni Affairs Office, participants were able to create orange cupcakes with yuzu frosting and osmanthus flower cookies, while following a unique recipe and step-by-step instructions from the trainer chef.
