

List of Previously Approved Courses for GIP

This is a reference list of approved courses taken by previous NTU students for credit at NTU exchange partners. Additional courses may be available at the host universities or program locations, and not all courses are listed here. Unlisted courses may suggest that they have not been approved or selected for review. Note that this list of previously approved courses is only for your reference, it does not constitute automatic approval. You still need to submit a course-matching request form with the necessary info (course syllabus, contact hrs, etc...) to sd-hss@ntu.edu.sg to seek approval.
