COURSE CONTENT

Course Code & Title : CY1400 - CN Yang Scholars Programme Undergraduate Research Experience

Academic Unit : 3

Pre-requisite : none

Course Description : Laboratory: 12 x 9 hrs

Content
This module provides undergraduates with the opportunity to carry out research during the semester with one or more faculty members. Student will be required to write a proposal, submit a report and give a presentation of the research work. Enrollment will be limited to students who have gained entry to the scholar programme or by permission of the instructor.

Objectives
This module will train students the necessary skills required to do research.

Learning Outcomes
The students will acquire the necessary skills to carry out research. After taking this course, they will be well prepared to carry out more independent research.
