

**NANYANG
TECHNOLOGICAL
UNIVERSITY**

I can change the world with innovation

Congratulations to all of you offered a place in NTU. You recognise that NTU will prepare you for exciting careers in life sciences, medicinal chemistry, and even IT, management and finance. And that our science programmes will groom you to become one of a new breed of graduates who can create technological innovations and succeed in a business or research environment.

As you embark on your journey with us, you will experience an innovative and rigorous curriculum modelled after those of top research universities. You will also get to interact with Nobel Laureates and experience science and technology at the highest level. You can choose to broaden your education through cross-disciplinary studies in business, humanities, fine arts, communication and engineering. And enjoy a unique residential experience.

At NTU, you can be what you want to be. Immerse yourself in an environment that advocates self-discovery and hones leadership skills.
