TECHNOLOGICAL  
UNIVERSITY**

# I can bring the world to speed

Congratulations to all of you offered a place at NTU. You recognise that we are a global university of excellence with strengths in science and technology. An NTU engineering degree will prime you for success, enabling you to create value for companies and the community, and shape the faces of technology in engineering, business and medicine.

As you embark on your journey with us, you will experience an innovative and rigorous curriculum that meets the needs of the fast-paced high-tech global economy. You can choose to broaden your education through cross-disciplinary studies in business, humanities, fine arts, communication and science. And enjoy a unique residential experience.

At NTU, you can be what you want to be. Immerse yourself in an environment that advocates self-discovery and hones leadership skills.
