EMERGENCY RESPONSE TEAM (ERT)

WHO ARE THEY?

The ERT is a team of specially trained officers who are appropriately armed and equipped to respond, locate and neutralise security threats.

The ERT will conduct patrols at various locations as deterrence. They will familiarize themselves with the terrain and link up with stakeholders to develop contingency plans and conduct joint exercises.

WHO SHOULD I CONTACT? CPU OR ERT?

The main touch point will continue to be the NPC’s Community Policing Unit (CPU). CPU will continue to engage stakeholders in crime prevention initiatives. At the same time, they will bring in the ERT to work with stakeholders on contingency response plans in the event of an armed attack.

If you have questions on the ERT, please contact OC CPU Herman Bin Kassim at 67928676 or you may email Basheer_Ahmad_Habib_Mohamed@spf.gov.sg.
