Section I
Collaborative Querying

Chapter I
Collaborating to Search Effectively in Different Searcher Modes Through Cues and Specialty Search / Naresh Kumar Agarwal and Danny C.C. Poo

Chapter II
Collaborative Querying Using a Hybrid Content and Results-based Approach / Ray Chandran Sinha, Dixon Hoe-Lian Goh, Schubert Foo, Nyen Chan See Win, and Khasfariyati Razikin

Section II
Collaborative Classification and Organization

Chapter III
Collaborative Classification for Group-Oriented Organization of Search Results / Keisiti Nakata and Amerish Singh

Chapter IV
A Case Study of Use-Centered Descriptions: Archival Descriptions of What Can Be Done with a Collection / Richard Butterworth

Chapter V
Metadata for Social Recommendations: Storing, Sharing, and Reusing Evaluations of Learning Resources / Ruina Vuorikari, Nikos Manouselis, and Erik Duval
Section III
Using Social Networks for Information Retrieval

Chapter VI
Social Network Models for Enhancing Reference-based Search Engine Rankings
/Nikolaos Korfiatis, Miguel-Ángel Sicilia, Claudia Hess, Klaus Stein, and Christoph Schlüeder..... 109

Chapter VII
From PageRank to Social Rank: Authority-based Retrieval in Social Information Spaces /Sebastian Martin Kirsch, Melanie Gnava, Markus Won, and Armin B. Cremers........... 134

Chapter VIII
Adaptive Peer-to-Peer Social Networks for Distributed Content-based Web Search /Le-Shin Wu, Ray Akovpat, Ana Gabriela Maguitman, and Filippo Menczer............... 155

Section IV
Social Issues

Chapter IX
The Ethics of Social Information Retrieval /Brendan Layt and Chu Keong Lee............................. 179

Chapter X
The Social Context of Knowledge /Daniel Memmi................................................................. 189

Section V
Social Information Seeking Models

Chapter XI
Social Information Seeking in Digital Libraries /George Buchanan and Annika Hinze........... 209

Chapter XII
Relevant Intra-Actions in Networked Environments /Theresa Dirndorfer Anderson............... 230

Chapter XIII
Publication and Citation Analysis as a Tool for Information Retrieval /Ronald Rousseau......... 252
Section VI
Applications and Case Studies in Social Information Retrieval

Chapter XIV
Personalized Information Retrieval in a Semantic-based Learning Environment
/ Antonella Carbonaro and Rodolfo Ferrini ................................................................. 268

Chapter XV
Multi-Agent Tourism System (MATS) / Soe Yu Maw and Myo-Myo Ntaing ............................ 287

Chapter XVI
Hybrid Recommendation Systems: A Case Study on the Movies Domain
/ Konstantinos Markellos, Penelope Markellos, Aristotelis Martis,
Joanna Mousourouli, Angeliki Panayotaki, and Athanassios Tsakalidis .................................. 309

About the Authors .............................................................................................................. 334

Index .................................................................................................................................... 342
