

Organized by:

The Institute of Advanced Studies @ NTU Singapore

Co-organized:

Julian Schwinger Foundation

Workshop on
Spontaneous
Energy Focusing
Phenomena
and Multiscale Physics

SPEAKERS INCLUDE

Wilhelm Becker *Max Born Institute, Berlin*

Bob Behringer *Duke University*

Vikram Deshpande *University of Cambridge*

Dana Dlott *University of Illinois at Urbana-Champaign*

Mark Eberhart *Colorado School of Mines*

Jay Fineberg *Hebrew University*

Karoly Holczer *Department of Physics and Astronomy, UCLA*

Kerson Huang *Massachusetts Institute of Technology*

Alexei Khokhlov *University of Chicago*

Tim Koeth *University of Maryland*

Dan Lathrop *University of Maryland*

Claus Dieter Ohl *Nanyang Technological University*

Oskar Painter *California Institute of Technology*

Seth Putterman *University of California at Los Angeles and Julian Schwinger Foundation*

Farhang Radjai *Université Montpellier*

Vladimir Rakov *University of Florida*

Rajdeep S Rawat *Nanyang Technological University*

Ken Suslick *University of Illinois at Urbana-Champaign*

Marco C. Velli *Jet Propulsion Lab, NASA*

Alfred Vogel *University of Lubeck, Germany*

August 30 – September 3, 2010

Nanyang Executive Centre, Singapore
