NTU Senior Management (Deans, Chairs, Directors and HODs) provide OSH leadership and uphold NTU’s OSH policy and objectives. Ensure all individuals in their school/dept have well-defined duties and responsibilities. Accord the proper authority and resources to implement NTU OSH policy through appropriate SOPS and programmes.

Office of Health, Safety and Emergency Supervisors are responsible for occupational health & safety of persons (staff, students, contractors) under their supervision. Ensure that proper risk management is carried out and that practical measures are in place to control risks, including implementation of NTU OSH policy, objectives, SOPs, proper maintenance of equipment and facilities, and effective communication (including training & supervision) of all parties.

Faculty, Staff and Students cooperate with NTU management in adhering to OSH instructions (especially in following safe SOPs and training) for their own safety and health and that of their fellow colleagues or students. Report unsafe conditions, equipment and practices to supervisor for remedial actions.

Key
- Line Management (delegation)
- Reporting Line (accountability)
- Active Support
