

# Fire Safety Awareness Training Course

## Synopsis:

The objective of this course is to generate greater awareness among NTU staff on fire safety and its prevention. In this course, participants will be introduced to the fire triangle, different classifications of fire with some case studies. It will also cover some of the commonly seen fire detection and fire fighting systems as well as the NTU Emergency Evacuation SOP.

Target audience: All NTU faculty and staff members, especially the fire wardens or fire fighting team members and students

Instruction methods: Lectures, demonstrations and hands-on practice

Duration: 2 hours

## Information:

S/No.	Date	Registration Closing Date	Time	Venue
1	23 May 2012	9 May 2012	2.00 p.m. to 4.00 p.m.	OHS @SS1-01-04

Training will be conducted only when a class size of 15 is met, in which case the participant will be informed by email at least one week before the course commencement date.
