

Ngiam Tee Woh

Entrepreneur, Engineer and Educator

Tee Woh has nearly 30 years of experience in the field of Entrepreneurship, Design Engineering and Educating the next generation. He is currently involved in the Business Development of a UK-based Entrepreneurship Simulation software in the Asia-Pacific region. Tee Woh led the translation effort of the software from Singapore and played a key role in the successful market entry into China. In 2020, the software was accepted by MOE China as an approved entrepreneurship simulation software.

He started worked in the fast-paced automotive industry, for MNCs such as Delphi Automotive Systems, Siemens VDO and JVC. Tee Woh did system design and components level design of car audio products for GM Corvette, VW Passat and the after-market.

Tee Woh has also managed a SME which developed IOT monitoring products and services. He was involved in the Business Strategic Planning, Technology Collaboration, Technology Road Mapping, Digital Transformation and Human Resources. He also headed the calibration laboratory which obtained ISO 17025 SAC/SINGLAS/ILAC Accreditation.

Tee Woh has taught Entrepreneurship at the Masters Level in collaboration with Tsinghua University. In 2014, he delivered the inaugural lecture at the opening of Universitas Pelita Harapan-Medan, an Indonesian university under the Lippo Group. He is currently an adjunct at NTU, SUSS, NAFA-University Arts London and Ngee Ann Polytechnic.

In 2018, he started as one of the pioneer Career Mentors at Singapore Institute of Technology. He had been involved as a Business Plan Mentor with NTC's initial batches of Chinese MSc candidates.
