

Stanley Chia

Co-founder, Cialfo

Stanley Chia is the Co-founder of Cialfo, a Series B stage start-up serving over 3,000 education institutions across 105 countries. He graduated from Nanyang Technological University, with Second Upper Class Honours in the Bachelor in Accountancy and Minor in Entrepreneurship. Through Cialfo, Stanley is democratizing college access internationally, by empowering high school college counselors with the capabilities to enrich students' college application journey with more robust information and better administrative support. The Cialfo platform provides comprehensive information to a wide database of colleges in over 30 countries, a powerful process management tool, and AI-powered college guidance support. Stanley enjoys collaborating with CIALFO partners to equip students with the capabilities to achieve their educational and career aspirations.

Between 2010 to 2016, Stanley founded and led Envisage Education Pte Ltd, a social enterprise that empower youths to create positive change in their respective communities, in particular Urban Poverty issues.

In October 2011, Stanley represented Singapore as a youth ambassador to the 7th UNESCO Youth Forum. He has rich past experiences serving on national initiatives such as being a committee member of the Our Singapore Conversations, a supervisory board member of the REACH Supervisory Panel, and the council member of Social Development Network-Trust. Currently, he volunteers as an Entrepreneur-In-Residence in Ngee Ann Polytechnic Start-up Incubator, School Advisory Committee member of Pei Cai Secondary School, and Co-Chairs the SGTech EdTech Committee.
