Aims and Scope. Works of the International Academy of Sciences “Collegium” (WIASC) is a bimonthly peer-reviewed journal. WIASC is a broad-based international journal that publishes fundamental works in which methods of physics and mathematics are applied to problems in all areas of knowledge. The primary aim of the journal is the rapid publication and dissemination of important findings that bridge the gap between what is considered different fields of science.

Instructions for Authors. A submission to the journal must be the original work of the author(s) and must not be published elsewhere or be under consideration for another publication in its submitted or substantially similar form in any language. Submitted manuscripts must be in English. It is a condition of submission that the authors permit editing the paper for readability.

Manuscripts should be submitted by e-mail to kulishv@asme.org. The names of the authors should be centered under the title at the top of the first page. The addresses (including the e-mail addresses) of the authors should appear at the end of the paper. A self-contained and citation-free abstract not exceeding 200 words should be included. Footnotes are not allowed.

Acknowledgements are to be included at the very end of the paper before the references. Numbers of equations must be placed in parentheses. All formulas must be numbered within sections. References should be cited in the text as [1] or [14, Lemma 2].

Subscriptions and Claims. Institutional subscribers to the online edition of WIASC will receive “perpetual” online access to all the volumes of the journal published by the time of their subscription, and will keep this access even if they cancel their subscription in the future. Claims for issues not received in mail must be received within six months of publication date. All correspondence regarding subscriptions, claims, and reprints must be made to Prof. Vladimir Kulish, 33B Nanyang Ave., #13-04, Singapore 639805.
