

OFFERING NRP AS H3 SCIENCE RESEARCH

STUDENT

- Must have indicated his/her intention to offer the NRP project as H3 Science Research at the point of application

SCHOOL

- Must have approved of and endorsed the student for H3 Science Research at the point of application
- A student who has only been endorsed for NRP Enrichment will NOT be allowed to offer his/her project as H3 Science Research

SUPERVISOR

- Must agree to his/her student offering the project as H3 Science Research
- Must note that H3 Science Research projects CANNOT be published and entered for any competitions (except the SSEF) BEFORE the release of the student's A-Level exam results 2 years later
- Research findings and the submitted research paper cannot be withheld and will have to be submitted to MOE/SEAB
