SMART CALLS / INNOVATION CHALLENGES

Other Grant Calls / Other GAIN Activities

Lifeline MINDS Challenge
A call for innovative solutions was published for the benefit of mental health individuals. The challenge was opened to the public with a focus on developing technologies that could assist in the early detection and management of mental health issues.

A local company is looking for natural alternatives to sugar to create an end product made with sugar.

Keppel-NTU: Memorandum of Understanding
The association was organised in October 2021 to discuss the creation of a predictive model to detect early engine deterioration for a local company in the marine industry.

To improve the commercial uptime of marine vessels, a roundtable was organised in October 2021 to develop technological solutions on decarbonisation and circular economy, including in smart grids and digital energy solutions.

Engine Roundtable on Digitalisation of Operations using Artificial Intelligence
Roundtables were organised in September & October 2021 for an energy system roundtable. The discussion revolved around the optimisation of processes and technologies.

Ecocity World Summit 2022: Urban Transformations for Nature-Based Solutions
This event brings together more than 1,500 industry leaders, policymakers, engineers, designers, policy makers, environmentalists, and educators as they delve into the latest research and developments in urban design and city transformation practices.

Submit your design ideas on how you can enliven public spaces?

Design Think-Tank 2021
"This event is aimed at stimulating space developers in Asia in creating urban products that are innovative, functional, and beautiful.

Singapore Tourism Accelerator
Are you a B2B tech company that wants to expand into Asia? If yes, the Singapore Tourism Accelerator initiative might just be for you! This 4-month programme, organised by the Singapore Tourism Board (STB) is highly selective, seeking the world's most promising technology start-ups or pre-series A companies.

Submission deadline: 31 Mar 2022
Application deadline: 12 Dec 2021

Singapore Tourism Accelerator initiative might just be for you! This 4-month programme, organised by the Singapore Tourism Board (STB) is highly selective, seeking the world's most promising technology start-ups or pre-series A companies.

Submission deadline: 31 Mar 2022
Application deadline: 12 Dec 2021

Southeast Asia Open Innovation Challenge (SEA OIC)
This challenge by Enterprise Singapore brings together some of the region's largest companies across Indonesia, Malaysia, Thailand, and Vietnam to collaborate with start-ups and SMEs. If you have an innovative tech-enabled solution, this is your chance to work with them to co-develop, test, and refine your technology.

Solution deadline: 26 Oct 2021
Application deadline: 20 Jul 2021

Impact of Agrochemicals
A local company is seeking sustainable methods that can reduce the amount of agrochemicals being used, and/or its environmental impact in agricultural production. A range of methods are being considered, from reducing the use of pesticides to exploring new techniques.

Submission deadline: 17 Dec 2021
Application deadline: 14 Nov 2021

Other initiatives
The Impact of Agrochemicals challenge is currently in progress.

EREAS Design Awards: ie Singapore
The Urban Redevelopment Authority and the Real Estate Developers' Association of Singapore seek ground-up innovation to raise the quality of the built environment. The challenge offers participants an opportunity to test and showcase their prototypes in participating developments and shopping malls.

Registration Date: 22 - 24 Feb 2022 (Virtual)

Submit a design for an agrochemicals reduction on your participant.

Design Singapore Council (Dsg) and IPI Singapore
A partnership between the DesignSingapore Council (Dsg) and IPI Singapore seeks to open new conversations between corporations/companies, and design and technology communities. This initiative calls for designers and technologists to come together to respond to the various challenge statements issued.

Registration Date: 14 - 17 Feb 2022 (Virtual)
