Nanyang Assistant Professorship (NAP) Scheme

To facilitate the application process, the following information will be required:

**Information required for application:**

- Cover Letter *(what you have to offer and why you chose NTU)*
- CV with Full Publication List (with information on citation and impact factor). Additional Information (e.g., number of graduate students supervised, information on grants, patents) will also be helpful.
- Research Statement
- Detailed proposal of your research project (around five (5) A4 pages)
- NTU's Schools of Interests (you are allowed to choose up to 3 schools)
- At least three (3) external referee reports are required. **The referees must be at least Associate Professor or equivalent.**
  
  Kindly request your referees to send their reference letters directly to nanyangprofessorship@ntu.edu.sg

*Only complete applications will be processed, and only shortlisted candidates will be notified.*

**Guidelines in preparing your Curriculum Vitae (CV)**

**Comprehensive CV should include:**

1. **Personal Particulars**
   - Full Name (as per passport), contact details (email address, phone), nationality and date of birth.

2. **Chronological Employment History**
   - List academic and non-academic position held, provide names of employer/organisations, period of employment and position held/job title by chronological order - most recent first.
3. Education

- Clearly state the field of study, qualifications obtained and awarding institutes by chronological order - most recent first.

4. Publication list

- **Clearly state your H-index and citation count.**
- List your publications by chronological order – most recent first.
- Group your publication according to papers (refereed), papers (non-refereed), books, book chapters and others, including number of pages in bibliographic form.
- Publication must be in the format – <Authors> < Article title> <Journal title> <Issn/Date>
  and underline your name. **Include the doi of your publication.**

5. Awards/Patents (Other achievements)

6. Public and Professional Service

- List major invited addresses, fellowship in professional and learned bodies and professional qualifications.

7. Referees

- Include contact details of three (3) referees.

**Preparing your research proposal**

**Guidelines for a good proposal:**

i. **Articulate the “big problem” your research wants to solve**
   - Is the problem significant and important?
   - What is the significant difference between the proposed research beyond your post-doctoral work?

ii. **Explain why you are qualified to do this research**
   - Have you ever led a team to solve a scientific problem?
   - Do you possess the technical skills necessary to solve the research problem?

iii. **Be succinct** and keep the main body of your proposal (item c-g) to **within five (5) A4-size pages.**

Your proposal should include the following sections:

a) Title page

b) Table of contents
c) Executive Summary

d) Specific Aims/Objectives

e) Background and significance

f) Research design and methods

g) Milestones and deliverables

h) Annexes, e.g., References, Publication list, industry-link research and patents/inventions list, if any
