

DF5002

Cinematography II

Eligibility: ADM / CoHASS

Pre-requisite: DF2003

Nic Morris BSC (Visiting Assoc Prof)

G01 (63212): Tuesdays, 0930 - 1220 at ART-01-19

Taught by an industry practitioner and relevant to many visual disciplines, this course explores the work of the professional cinematographer. Looking in depth at the human, craft, and creative skills needed for FYPs and industry beyond.

The course will enable you to use and develop craft and skills to produce footage of a high standard which communicates and creates a visual narrative. It will also develop collaboration skills and your ability to discuss and evaluate your own personal visual approach.

Lectures, screenings, workshops and creative and practical assignments will enhance your confidence in cinematography and lighting.
