# AI Ethics Governance Framework for Organisations

Learn how an AI Ethics Governance Framework can facilitate your organisation in designing and deploying Trustworthy AI systems.

Learn about the many ethical considerations in implementing Trustworthy AI and how your organisation can adapt towards the goal of deploying AI responsibly.

This course will discuss case studies and risks related to deploying AI systems and some processes to manage such AI risks.

## **SSG Funding support is available for this course:**

- Fees before SSG funding and GST is S\$1,800.00
- Singapore Citizens (SCs) and Permanent Residents, (Up to 70% funding)
- SCs aged  $\geq 40$  years old will enjoy the SkillsFuture Mid-career Enhanced Subsidy, (Up to 90% funding)

## **Assoc Prof Goh Wooi Boon**

**Associate Dean (Continuing Education), CCDS, NTU**

Professor Goh's interests lie at the interface between humans and computers, especially the design of interactions and issues arising from such interactions, including ethical and societal issues.

## **Class Schedule:**

Live online sessions on two Saturdays (9:30 am - 11:30 am)

Live E-consultation on Wednesday (7:30pm - 9.00 pm)

Additional online learning resources provided for self-paced learning
