

SusTex Hosts Global Researchers and Industry Leaders to Explore the Future of Sustainable Textiles

Throughout the week of **October 27, 2025**, SusTex opened its doors to a diverse group of international researchers and key industry stakeholders. Visitors from around the world explored the SusTex Gallery and laboratory, gaining insight into our research in textile innovation and circularity.

RGE-NTU SusTex Centre Director, Associate Professor Dalton Tay showcasing the SusTex Gallery.

ANDRITZ touring the RGE-NTU SusTex laboratory.

The week-long engagement fostered a vibrant exchange of ideas, highlighting our commitment to bridging the gap between academic research and industrial application.

We were honoured to host representatives from the following organisations and research institutions:

Organisations

- Ministry of Defence, Singapore (MINDEF)
- ANDRITZ
- The Nonwovens Institute
- Youngone
- MESDAN
- MANN+HUMMEL
- Bozzetto Group
- MAURER
- The Society of Fiber Science and Technology, Japan

Academic & Research Institutions

- Deakin University
- RMIT University
- Hong Kong Polytechnic University
- Shinshu University
- Kyoto Institute of Technology
- Institute of Science Tokyo

SusTex

THREADING A NEW FUTURE

WITH TEXTILE SUSTAINABILITY

We would like to thank all our visitors for their insightful discussions and look forward to the future of textiles circularity.

Deakin University, Hong Kong Polytechnic University and RMIT University visiting the SusTex Gallery.
