

We are excited to announced that **Cisco Customer Experience Graduate Program (CXGP)** is accepting applications for both **Network Consulting Engineer** & **Software Consulting Engineer** roles in many of APJC countries.

Cisco Customer Experience Graduate Program (CXGP) is a program to hire top university graduates who aspire to be an engineer in their profession. We look for individual who is enthusiastic to make a difference to the way organizations adopt and leverage on cutting edge technology to drive businesses outcomes of tomorrow. Successful candidates would be enrolled to structured program that gives them the not only technical & softskill trainings but vast exposures & On-Job-Training experiences. They would be guided to familiarize with Cisco, work with different teams around the world, engaged with Cisco’s stakeholders, customers and ecosystem partners. The program will encourage them to pursue industry standard certification, mentored and coach them in helping customer to solve their challenges. Upon completion of the program, they will be transitioning as CX Consulting Engineer in own specialization where they would further accelerate their career within Cisco Customer Experience team.

We look forward for your referral for anyone **graduated in less than 2 years (after June 2020)** OR **graduating by June 2022** and fit into the job description of the following roles. This is an unique opportunity for you to refer young talents to the CXGP program. Help forwarding below email to those you think would be great fit to be part of Cisco CX or you may upload their CV under Refer A friend.
