SPMS Occupational Safety and Health (OSH) Policy

The School of Physical and Mathematical Sciences (SPMS) in recognizing its corporate responsibility commits to take all reasonably practicable means to provide a safe and healthy environment to all faculty staff, partners, students and visitors. SPMS is committed to:

- Comply with Safety, Health & Environmental legislations in Singapore;
- Proactive in managing risks to prevent incident and communicate requirements to relevant stakeholders;
- Inculcate the sense of shared stewardship for OSHE matters among faculty, staff and students to prevent injuries, ill-health and care for the well-being for the community;
- Set OSHE objectives and monitor safety, occupational health or well-being performances periodically for improvements;
- Provide appropriate OSHE training, information and supervision for faculty, staff and students to work safely and reduce risks at source, protect the well-being of persons and be prepared for emergency situations;
- Report and investigate promptly ALL incidents and accidents to determine the root cause(s) and take appropriate actions to prevent recurrence;
- Improve and continually review infrastructural facilities and research projects to address risks as well as the prevention to environmental pollution;
- Provide appropriate resources to achieve the intent of this policy;
- Strive for continual improvements to the OSHE management system (OSHMS).
