

Project Enquiry Form

**Part A: Applicant details**

A1. PI name: 	A2. PI Email: 	A3. PI Phone: 
A4. PI Organization: 		
A5. PI Position: 		
A6. Co-I name: 		
A7. Title of project 		
A8. Primary Question to be addressed    		

**Part B: Sample Details**

Note: Please tick where applicable

B1. Sample types	<input type="checkbox"/> Plasma <input type="checkbox"/> Serum <input type="checkbox"/> Urine <input type="checkbox"/> Extract <input type="checkbox"/> Supernatant <input type="checkbox"/> Tissue <input type="checkbox"/> Others: 
B2. Number of samples in original study	
B3. Number of samples for proposed Phenome Centre project	
B4. What volume/mass is available for each sample proposed for the Phenome Centre project	
B5. Do the samples for the Phenome Centre project cover multiple cohorts	
B6. What species are the samples from?	<input type="checkbox"/> Human <input type="checkbox"/> Mouse <input type="checkbox"/> Bacteria <input type="checkbox"/> Others:
B7. What anti-coagulants have been added to the samples?	
B8. What preservatives have been added to the samples? (And how much?)	
B9. Are the samples known to be hazardous (e.g: infectious, carry parasitic organisms or dosed with radioactive substances)?	<input type="checkbox"/> Yes <input type="checkbox"/> No

## Restrictions

B10. Are there any restrictions on the timing of the project?

## Assays to be undertaken

1. Prior to submitting your application, if unsure, please speak to a staff member at the Singapore Phenome Centre who will provide you with an approved Phenome Centre assay sheet and costing (i.e quotation), after reviewing the details of the project.
2. You must affix this form for obtaining acknowledgement from the financial representative of your organization ensuring that sufficient funding is available for the service.
3. You have acknowledged that all the necessary ethical clearance has been achieved and SPC shall not be held liable if the necessary clearance has not been performed.

By signing this document, you have agreed with the costing of the assay and for SPC staff to proceed with the service.
