VIDEO FINAL-YEAR PROJECTS

1. Project Information

1.1. Information

The FYP Video (Narrative or Documentary) is a capstone project demonstrating students' knowledge and expertise attained from their courses and time spent at WKWSCI. More like a thesis film, the project should be the students' own work and will be part of assessing their ability and competency. In terms of exposure, the goal of FYP is to complete a project that reaches a wider audience beyond the school.

Students who produce a video Narrative or Documentary FYP must have taken at least two relevant production-related courses (i.e., Image & Sound Production, Genre and Narrative Strategies, Broadcast Journalism, Audio in Media, Documentary Production, Narrative Production or Writing for Cinema and TV) and demonstrate that they can make a significant contribution to the project.

The finished film must be of high technical quality, i.e., the video must be shot on industry-quality cameras and edited on machines with high-end resolution.

Group Size & Roles

The group size is strictly four students unless special permission is given for a smaller group of three. It should consist of primary roles: Director, DOP, Editor, Scriptwriter, Location Audio, or Producer. Some of these roles may be doubled up. Students may assume an additional role but are required to retain a primary role within the team.

External personnel or consultants, including alumni, are not permitted to occupy these primary roles. You may use a colour grader and/or a sound designer if needed.

2. Information for Video FYPs

2.1. Pre-production & Production

2.1.1. Grants & Funding

WKWSCI Grant

All projects will receive a lump sum grant of \$400 by December to their designated treasurer, who is responsible for disbursing the funds to other group members.

The treasurer will provide his/her bank details and receive the payment via his/her personal GIRO account. The treasurer may update the bank account details under “Student Link > Administrative Matters > Update of Bank Account Number”.

External Funding

The NTU Development Office (DO) works with foundations that donate to the University and the DO will coordinate the donors' funds across the university. As such, DO requests that FYP groups **refrain** from asking the following organisations for support:

**Ho Bee Investment | Hong Leong Foundation | Keppel Corporation | Lien Foundation | Lee Foundation |
Shaw Foundation | Tan Chin Tuan Foundation | Temasek Foundation**

Should a contract with an external organisation be required, make sure your team and supervisor are fully aware of the terms and conditions before committing. Upon accepting a donation, it is the responsibility of the FYP group to ensure all terms and conditions are met, including the deliverables to the organisations. The school does not enter contracts on behalf of FYP groups.

If an external donation needs to be credited to the school, refer to the attached documents for the process and information required:

- [Gift Processing Procedure and Guidelines](#)
- [Donation Form](#)
- [Donation – Gift Transmittal Collection Form](#)

2.1.2. Clearances & Permissions

Location Booking within NTU

For locations in the “Event Venue and Banner Space” booking in NTU, do approach the [UG team](#) for assistance.

As for locations outside of this system (outside of NTU), contact the venue owner for more information. The school will be able to provide a letter of support for such bookings, however, the final approval lies with the venue owner.

Forms

The forms have been edited to be more user-friendly but still include the necessary language to provide you with the rights you need for wider distribution to the public. If you modify the forms, discuss the changes with your supervisor to make sure that you aren't limiting your options for distribution.

Video FYPs would require:

- [Location Permission Form](#)
- [Performer's Clearance Form](#)
- [Appearance Release Form](#)
- [Producer's Warranty](#)

(A Producer's Warranty is needed to be submitted for festivals or competitions. It declares that you are not infringing upon any 3rd party copyright. Please note that a Producer's Warranty is not a substitute for any of the above clearances or for obtaining copyright permission. It merely still declares that you have done so.)

2.1.3. Equipment & In-House Facility Booking

Groups may use NTU WKWSCI's media equipment and facilities for their FYP via the [Media Resource Booking System \(MRBS\)](#).

Refer to this [file](#) for more information.

For Overseas projects, if the equipment is not insured, you need to purchase insurance for them. If the equipment belongs to WKWSCI, check with the Tech Team (SCI_support@ntu.edu.sg). If you are renting the equipment, check with the vendors.

WEE KIM WEE SCHOOL OF COMMUNICATION AND INFORMATION VIDEO FINAL-YEAR PROJECTS

2.2. Post-production

2.2.1. Copyright

The group members hold the copyright for any media produced as part of their FYP, unless arranged otherwise with their clients or subjects. The copyright text within the projects should clearly indicate this (i.e., © group member(s) name, 2024).

However, a [NTU CoHASS WKWSCI logo](#) and text must be included at the end of their project, on the packaging and any publicity materials, which reads:

“This work was produced as a Final Year Project at the Wee Kim Wee School of Communication and Information, Nanyang Technological University, Singapore.”

NTU WKWSCI also reserves the right to use any of the FYP materials for publicity and outreach purposes.

NOTE: When used on black background, students are expected to adjust the black level of the logo so that it merges with the background.

2.2.2. Distribution

Collaterals

Refer to these [guidelines](#) if you wish to put up collaterals within WKWSCI.

WEE KIM WEE SCHOOL OF COMMUNICATION AND INFORMATION VIDEO FINAL-YEAR PROJECTS

Each group is required to upload their video to VIMEO/YouTube and add the link clearly in the FYP report for access. The videos are not to be edited after the official submission.
