CYBER RISK MANAGEMENT (CyRiM) PROJECT

CyRiM Project

A Government-Industry-University partnership between:

Government Agencies: Monetary Authority of Singapore; Cyber Security Agency

Industry Partners: SCOR, Aon, MSIG, Lloyd's and TransRe. Project launched on May 16, 2016, with a duration of three years.

Bernard Wee (MAS), Soon Chia Lim (CSA), Ravi Kumar (NTU), Shaun Wang (NTU), Sandeep Malik (Aon), Trevor Maynard (Lloyd's), Paul Faulkner (MSIG), Thierry Silvestre (SCOR), Grace Lim (TransRe)

CyRiM AIMS TO QUANTIFY CYBER RISKS

CyRiM aims to develop data and quantification tools to enhance cyber resilience for organizations, and foster efficient cyber insurance market.

CyRiM has two parallel work-streams:

1. Development of cyber incidence and claims database and research into cyber loss evolution and accumulation risk
2. Research and develop a cyber exposure assessment capability in collaboration with IT security experts

We welcome IT Security firms and corporations to discuss with us about collaboration opportunities.
