

## WOMEN IN ENGINEERING, SCIENCE, AND TECHNOLOGY CONFERENCE GRANT

### PROVISION

The Gouw Family Foundation with the College of Engineering and the College of Science at Nanyang Technological University (NTU) established WiEST Conference Grant in 2018 for Women in Engineering & Technology and Women in Science to facilitate networking opportunities for young women engineers and scientists to embark on their careers. In 2019, Micron Technology, Inc. joined force to expand the opportunity to more young women in technology.

### PROGRAMME

The programme will provide a one-time Conference Grant up to S\$3, 000 to cover registration and travel expenditures to attend a technical and bonafide conference in their respective fields.

Six awardees will be selected from each College with the following distribution:

- College of Engineering: one from each School
- College of Science: three from SPMS, two from SBS, and one from ASE

Two additional recipients will be selected and named Micron Technology WiEST Awardees for 2019 call.

### ELIGIBILITY

Participants must be female in their 4th year of PhD or in their early career (within 2 years of the award of PhD Degree) in the fields of the Schools under the College of Engineering and the College of Science.

### DOCUMENTS REQUIRED FOR SUBMISSION

- Application form
- Curriculum vitae (includes qualifications, employment records and list of scientific publications)
- Statement of purpose (highlighting the scientific contributions and aspirations).
  - Font: Times new roman
  - Font size: 12 pt.
  - Line spacing: 1.5
  - Margin: 1"
  - up to 2 pages (A4 paper)
