

NTU-GLOBAL ASIA INSURANCE PARTNERSHIP CASE COMPETITION

NBS Actuarial Science Club, in partnership with GAIP, proudly present to you **NTU-GAIP Case Competition 2023**. It is our first-ever national case competition to involve both Pre-Uni & University levels.

We are looking for students who can demonstrate both qualitative & quantitative skills in proposing innovative business solutions in the financial industry. Students from **all JCs, Polytechnic institutions & Universities (all disciplines) in Singapore** are welcome to join!

Beyond attractive **cash prizes & internship opportunities*** to be won, participants will stand a chance to be mentored by Industry Practitioners. Together with our NTU Professors, they will also be guiding the participants on how to approach the case during the Case Workshop.
