ABOUT

The ATM Leaders track emphasises on research leadership and entrepreneurship. It is designed to develop Singaporeans to be the future scientific leaders and entrepreneurs in ATM. The students will work on research problems to generate and develop novel concepts and solutions with future applications and services in mind. The PhD award is for four years in which students will be required to undertake a full-time PhD research course in ATM with the option of embarking on a Master programme of his choice (possibly an MBA or Master in Technology Innovation from NTU). For those who opt for the Master programme, the award would be for five years.

Intake Period: January and August

Please refer to <http://atmri.ntu.edu.sg/> for more information.

ELIGIBILITY CRITERIA OF LEADERS TRACK

- Must be a Singapore Citizen
- A Bachelor's degree with honours of at least a Second Class Upper level or equivalent; or
- Students who have not completed their undergraduate degree programme but are able to furnish documentation from their university to show that they are on track to obtain at least a good Second Class Upper Honours degree or equivalent; or
- Possess a Master's degree (research-based), if any, from a reputable university.

In addition, candidates should

- Have a proposed research ATM topic relevant to his PhD course of study
- Demonstrate a passion for research
