MINIMASTERS™ BUSINESS AND FINANCIAL ANALYTICS

MINIMASTERS™ IN BUSINESS AND FINANCIAL ANALYTICS

MiniMasters™ in Business and Financial Analytics equips participants to excel in the domain of business analytics and analytics used in the financial services industry. Participants will learn skills necessary to guide businesses and the financial services industry through today's environment of digital disruption and transformation. MiniMasters™ in Business and Financial Analytics is offered at Nanyang Business School as part of the MiniMasters™ series launched by Nanyang Technological University, Singapore (NTU Singapore).

HOW YOU WILL BENEFIT

- Provide learners with better access to Postgraduate level training so that they can personalise their learning pathway and upskill/reskill on a just-in-time basis without having to commit to a full qualification programme where the opportunity cost may be higher.
- Enable adult learners to build on their experience, transit and prepare for career shifts and become future-ready amidst fast-changing employment market.
- Credits earned can be stacked towards postgraduate degrees at NBS.

COURSE CURRICULUM

	AI and Analytics Technologies in Enterprise
	AI and Analytics in Finance, Credit and Related Risks
	Data Management and Visualization
	Design Thinking, Blockchain Technology Management and Cybersecurity

DURATION

The course duration is 30 weeks, with 4 classes per month, on weekends. The classess have been designed for a mix of in-person and online classes.

* The University will have the final decision on the mode of delivery for the class (Physical or Online) and students will be notified accordingly.
* Nanyang Executive Education reserves the right to change the date, venue and mode of delivery due to unforeseen circumstances or prevailing government advisory.

CERTIFICATION

You will be awarded the MiniMasters™ in Business and Financial Analytics upon completion of all five modules. Upon successfully passing the MiniMasters™ course, credits for MiniMasters™ are transferable to the Master's programmes but subject to the review and approval of the Academic Directors of the respective Master's programmes. Participants have to meet all required admission standards of the selected Master's programme. (Prevailing Terms and Conditions will apply)

ADMISSION CRITERIA

While no pre-requisites are needed to enrol in the individual modules, participants without qualifications in Finance or in closely related fields, may find the course contents challenging.

FEES

SGD\$20,000 (excluding GST)
