

NISTH EVENTS

2nd November 2020; 4:30 PM – 6:40 PM (SGT)

Micro-NISTH Grant: Algorithmic Justice Knowledge Sharing Session, is a discussion on the legal, ethical and policy implications of designing and using AI for decision-making purposes. While the issues and implications will be pitched broadly, the discussion will also deal with the use of AI to regulate content on the internet.

EVENTS WITH NISTH SOCIETAL IMPACT FELLOWS

1st – 10th November 2020

Falling Walls and Berlin Science Week : The World Science Summit, is a global virtual showcase that will highlight breakthrough thinking from around the world. 4 NTU scientists have made it to the final list. Let us support and encourage our fellow colleagues.

Register at: <https://falling-walls.com/remote2020/>

3rd November 2020; 9:00 AM – 10:30 AM (SGT)

Water for All - Sustainable Resource Management, will have experts discuss the challenges and opportunities for deployment of water treatment solutions in South East Asia. NISTH Fellow, Prof Shane Snyder, from NEWRI, will bring the academic perspective while experts from DuPont and Century Water will give the industry angle.

5th November 2020; 1:00 PM – 4:30 PM (SGT)

Fourth NTU-MIND symposia on Brain Disorders, will build on the success of the junior investigator talks at our previous symposium, we will again feature brief “flash talks” by several excellent junior scientists.

Join at: <https://ntu-sg.zoom.us/j/98707078916>

Meeting ID: 987 0707 8916

Password: 321949

6th November 2020; 1:00 PM – 3:00 PM (SGT)

Future Economy and Workforce Learning (FEWL), aims to initiate an interdisciplinary research agenda led by NTU academics focusing on contributing to the understanding of Adult Learning within the context of the Future Economy and Workforce Learning. This initiative is timely in order to respond to the grant opportunities in the upcoming RIE 2025 for social-science-inspired research into human potential among working populations.
