OTHER EVENTS

11th November 2020; 03:00 PM (SGT)

NUHS WISH 'Women in the Workplace: Creating a More Equitable Future', explores the issues and changes required in individual workplaces and nationally to create a more equitable future for all. The mission of Women in Science and Healthcare (WISH) and Equal Opportunities & Career Development (EOCD) is to create an environment and shape a culture that advances gender equality.

11th November 2020, 6:00 PM (SGT)

Get Real, AI, is facilitated by the Finnish Center for Artificial Intelligence. The webinar will explore the AI research and innovation ecosystem in Finland, with a wide spectrum of scientific disciplines, business domains, educational and societal initiatives to find keys to the AI revolution. It seeks to promote research cooperation and forge links between scientists, as normal travel, visits and conferences are not possible.
