

NTU Institute of Science and  
Technology for Humanity

# Looking Forward to August 31 – September 4

## 2<sup>nd</sup> September 2020; 4 – 5 PM (SGT)

**Future of Food Technology & Innovation** aims to facilitate the discussion on how the ongoing and future research collaborations between industry leaders, research agencies and start-ups from Singapore and Switzerland, will result into more innovative and sustainable ways to produce food for a growing population, whilst reducing the carbon footprint of the entire food value chain. Register at:
