9th September 2020; 3:00 – 4:00 PM (SGT)

Covid-19 – what does 'recovery' look like for the international development sector? will consider how international development funders are reacting to the Covid-19 pandemic in ASEAN. With the first wave of the pandemic subsiding in ASEAN, governments are now looking at the next few years – and international development funding will be central to those longer-term, reconstruction efforts.

9th September 2020; 5:00 - 6:30 PM (SGT)

Beyond Tracetogether: Integrating Open Source and Cybersecurity in Singapore will be deliberating on questions like: Is Open Source Software really more secured than Closed Source? What should we look out for, if our organisations decide to embark on an open source journey? Many of the SMEs and MNCs today are going digital and they have outsourced to vendors to help them develop their web and mobile applications. What should they look out for especially if these vendors are also using Open Source code?
