

NISTH EVENTS

21st January 2021; 11.00 AM - 12.00 PM

NISTH Think Out: Medical Technology. Join us for the third debate in the series, as our experts, **Prof May O Lwin** and **Assoc Prof Josip Car**, discuss and deliberate on the subject contention: *How is digital technology transforming healthcare?* They will also discuss the drawbacks as well as potential areas of concern as digital technology in healthcare advances.

19 January 2021; 4:00 PM – 5:00 PM

Organised by ADM and NTUitive, **Plant-Based Perfection Challenge 2021**, is looking out for new products that can fill the gap between traditional tofu and tempeh, both made of soy beans, and the new, and highly popular plant-based meat analogues. Is Tofu 2.0 a Protein re-defined? You are invited to be creative and shape the future of how people consume plant-based proteins.
