

EVENTS WITH NISTH FELLOWS

29 March 2021; 3:00 PM – 4:30 PM

Coffee Break @ ARISE Webinar: Rehabilitation Robotics - from hospitals to homes, is organised by the Ageing Research Institute for Society and Education (ARISE). NISTH Fellow, **Assoc Prof Domenico Campolo**, will be sharing his 'from-lab-to-market' experience, and answering questions on what type of robots, used for physical training could be brought into community centres and which technologies would be suitable for semi-independent training.

GRANT CALLS

For assistance in identifying research partners, email us at NISTH-research@ntu.edu.sg

The Liveability Challenge 2021; Deadline – 15 April 2021

The Liveability Challenge is calling for proposals with the most disruptive, game-changing ideas that will help cities accelerate decarbonisation and address its resource challenges. The Challenge is seeking solutions to address the 50 billion tonnes of carbon emissions released into the atmosphere annually and pollution crisis, which needs a circular economy to replace the existing linear model. All solutions must have proof of concept; At least Technology Readiness Level 6 and must be applicable to Singapore and urban environments in the tropics.
