

FELLOWS SHOWCASE: International Women's Day (8 March)

Cheers to all our Women NISTH Fellows!!

#BreakTheBias.

International Women's Day (IWD) on March 8, is a global day celebrating the social, economic, cultural, and political achievements of women. The day also marks a call to action for accelerating women's equality.

IWD has occurred for well over a century, with the first IWD gathering in 1911 supported by over a million people. Today, IWD belongs to all groups collectively everywhere. IWD is not country, group or organization specific.

#DYK

- It is also known as the United Nations (UN) Day for Women's Rights and International Peace.
- IWD logo is in purple and white and features the symbol of Venus, which is also the symbol of being female
- Each year's IWD festivities have an official theme. This year's campaign theme is, 'Break the Bias'.

NISTH EVENTS

NISTH ThinkOut: Metaverse, for the better or worse? was held on the 3rd of March 2022. If you missed it, you can now watch it on our [YouTube Channel](#) or listen to it on our [Podcast](#).

Listen to Professors Vivian Chen, Cai Yiyu, Vanessa Evers and Hallam Stevens, discuss the 'Metaverse' which is envisioned to disrupt and transform every aspect of the human experience. They addressed the question on how the Metaverse is or going to, benefit or adversely affect our lives.

OPEN CALL FOR PROPOSALS - 14 Mar 2022

NISTH's program of collaborative Labs called **NISTH co:Labs**, seeks to bring together NTU faculty from STEM and non-STEM disciplines with established researchers and professionals from academia, industry, government and the community. It aims to seed a new field of research, new research communities, collaborations, and networks. Each application must be led or co-led by a **NISTH Fellow**.
