

Master of Education (Art)

This specialisation provides a theoretical and practical base for developing visual arts curriculum and pedagogy in education. It enables art educators to achieve advanced academic and professional development in art education by focusing on contemporary issues and developments in art and art education. It emphasises both scholarship and students' own studio practice towards achieving the goal of enriching artistic knowledge in diverse and multicultural sessions.

Target Audience

Educators and university graduates with a background in education who wish to advance their knowledge and skills in areas of art education.

Note: The open elective course is to be selected from any of the courses offered in NIE's Master's degree programmes. The offer of electives is reviewed regularly to reflect developments in education and the respective fields. You are advised to take note of the prerequisites (if any) before registering.

Optional Specialisation Courses are offered subject to demand and availability of faculty expertise. Hence, not all specialisation courses are available for selection to every intake.

Testimonial

“Having access to some of the leading educators and educational researchers who are so generous with their time, resources and experience, was the best part of being a student in NIE. Through the deep and rich conversations with my peers and lecturers, both in and beyond the classroom, the experience in NIE has enriched me both personally and professionally.”
