

TUITION FEES (RESEARCH) (FULL TIME AND PART-TIME) FOR ACADEMIC YEAR 2022-2023

(A) Notes on Tuition Fees

1. All fees listed below are in Singapore dollars (S\$). Every academic year, fees are reviewed and subject to revision. As and when fees are revised, the new fees will be applicable to all existing and new students. For MOE-subsidised programmes (all of the programmes listed below), the tuition fees are exclusive of Goods & Services Tax (GST). The GST for these students is borne by MOE. For international students under subsidised programmes, the tuition fees are inclusive of 7% GST and payable by students. From 1 January 2023, GST will be increased to 8%.
2. There are two semesters in an academic year. Fees payable every semester must be paid in advance and within the stipulated period.
3. Students who fail to pay fees within the stipulated periods can have their names struck off from the register of higher degree students. A student whose name has been thus struck off but who is otherwise eligible to continue his candidature will be reinstated only after he has settled all outstanding fees and paid a re-registration fee of S\$53.50.
4. A student who withdraws or leaves the University two or more weeks after the commencement of his candidature or the commencement of the semester is liable to pay the fees due for the semester.
5. The University's Board of Trustees reserves the right to alter fees at any time without notice.
6. There are other miscellaneous fees payable at the time of matriculation. Please refer to the section below on "[Miscellaneous Fees](#)" for more details.

Eligibility Guidelines for Ministry of Education (MOE) Subsidy

7. The substantial tuition subsidy from the Government of Singapore comes in the form of a MOE subsidy which is administered by the Ministry of Education (MOE) and is offered to all admitted students **up to the maximum programme duration**. Students need not apply for the MOE subsidy if they are eligible.

7.1 Students with a Higher Degree Qualification

Students who have previously enjoyed MOE subsidy in a graduate programme will not be eligible for MOE subsidy in another graduate programme at the same or lower level. Instead, such students will be liable to pay "Non-subsidised Fees" for the graduate programme that they now wish to undertake. For example, students who had previously enjoyed MOE subsidy in a Masters programme and had attained the Masters degree will not be eligible for subsidy in another programme at Masters degree or lower level. In addition, if they wish to upgrade in another discipline area where the programme has a

combination of Masters and PhD candidature, they will not be eligible to enjoy MOE subsidy during the Masters candidature.

7.2 Transferred or Re-admitted

Students who are transferred or re-admitted within NTU or across Autonomous Universities* will be eligible to receive MOE subsidy up to the maximum programme duration for the new programme less number of semesters of MOE subsidy received for the previous programme.

* Autonomous Universities refer to NTU, National University of Singapore (NUS), Singapore Management University (SMU), Singapore Institute of Technology (SIT), Singapore University of Technology and Design (SUTD) and Singapore University of Social Sciences (SUSS).

8. Service Obligation (for new intakes only)

Individual international student who chooses to pay subsidised fees will need to take up a 3-year service obligation. As part of the service obligation, the foreign student is required to work in Singapore-based companies upon graduation. Those who choose NOT to opt for the service obligation will be liable for non-subsidised fees.

Singapore-based companies refer to local companies and international companies that have a base in Singapore which is registered with the [Accounting & Corporate Regulatory Authority](#) (ACRA).

The duration of the service obligation is fixed at 3 years, regardless of the duration of study at subsidised rates.

(B) Notes on Candidature Periods

The degree by research is offered on both full-time and part-time basis. The candidature periods are as follows:

	Doctor of Philosophy	Masters by Research
Full-time	Up to a maximum of 5 years	Up to a maximum of 3 years
Part-time	Up to a maximum of 7 years	Up to a maximum of 4 years

From AY2020, the candidature period will be revised as follows:

	Doctor of Philosophy	Masters by Research
Full-time	Up to a maximum of 5 years	Up to a maximum of 3 years
Part-time	Up to a maximum of 5 years	Up to a maximum of 3 years

Students will pay fees at non-subsidised rates if they exceed the maximum candidature period as stated in the above tables.
