

SEMESTER EXCHANGE

My semester exchange at Peking University was an unforgettable and enriching experience. I thoroughly enjoyed interacting with both local and international students, which broadened my cultural perspective and deepened my appreciation of diversity. Additionally, I was allowed to share about Singapore's education system during a seminar, which was received warmly by the audience. It was especially meaningful as it allowed me to exchange ideas and learn from others. Immersing myself in Chinese culture and campus life made my stay even more rewarding. Overall, my time at PKU was truly inspiring, and I am grateful for the friendships, knowledge, and memories I gained.
