# Minimum Subject Requirements for Students with **International Qualifications**

You must have completed at least 12 years of general education or will be taking High School national examinations in the year of application in order to be considered for admission.

The more common international qualifications that are considered for admission and the respective application periods can be viewed on page 9 and 10. Applicants with other equivalent international qualifications that are not listed may also apply.

In addition, applicants must meet the minimum subject requirements of the degree programmes in the following pages.

Please refer to **HERE** on English Language requirements and click on respective High School qualification at our website for most updated information.

*Apply to NTU with International Qualifications*
