

COURSE OVERVIEW

Course Code	DD0003
Course Title	Information Visualization
Pre-requisites	NIL
Course Type	ICC – Professional Series (PSC)^ Only applicable for Students in College of Humanities, Arts, and Social Sciences (CoHASS) for Digital Literacy requirement
Academic Units	3
Contact hours	39 hours
Mutually exclusive to	Not applicable

Course Aims

This introductory level course will provide an overview of the practice of information visualization. You will explore fundamental visual design techniques to interpret, organize and present visual interpretations for different forms of data. The learnings achieved in this course will expand your understanding on how complex information can be communicated meaningfully and clearly through visualization to inspire greater empathy and understanding from an audience.
