

ACCELERATE YOUR STARTUPS WITH OEP

WHAT IS OEP?

A specially tailored undergraduate programme from Nanyang Technological University, Singapore (NTU Singapore) that links startups overseas and Singapore. It paves a way for expansion to Asia and beyond.

6-month or
1-year overseas
internship

Immersion
in a vibrant
start-up

Open to NTU
undergraduates
from all faculties

Locations include
China, US, Germany
& the Netherlands

NTU Singapore is an appointed partner of the Innovators Academy, a key pillar of the Singapore Government's Global Innovation Alliance (GIA) initiative. NTU supports the Innovators Academy activities through OEP which is designed to provide an experiential learning experience for NTU students in global innovation hotspots.

NTU Singapore

Young and research-intensive, NTU Singapore has 33,000 undergraduate and postgraduate students in engineering, business, science, humanities, arts, social sciences, education and medicine.

NTU is home to world-class autonomous institutes - the National Institute of Education, S Rajaratnam School of International Studies, Earth Observatory of Singapore, and Singapore Centre for Environmental Life Sciences Engineering - and various leading research centres such as the Nanyang Environment & Water Research Institute (NEWRI) and Energy Research Institute @ NTU (ERI@N).

The NTU Smart Campus is frequently listed among the Top 15 most beautiful university campuses in the world. Besides its main campus in the western part of Singapore, NTU also has a medical campus in Novena, Singapore's healthcare district.

OUR INTERNS

A strong track record of excellent work by NTU students who are

- Enterprising
- Hardworking
- Highly motivated
- IT savvy and bilingual
- Mature in handling business challenges

Areas of expertise include communications, digital marketing, computing engineering, design, fintech, finance, robotics and smart devices.

WHAT DOES IT COST?

The only cost to you is the intern's stipend and your help in completing the visa immigration documents as required by your country.

You **DO NOT** have to pay for the student's visa and airfare to and from your location.

WHAT SHOULD I DO?

- 1 Provide OEP with the job description (which should ideally expose the intern to a sufficiently broad spectrum of your company's business functions)
- 2 Indicate the stipend
- 3 Interviews with suitable candidates will be arranged based on mutual interest to ensure a good fit
